The above are extracts from the Financial Statements for the period ended 30 September 2016 as approved by the Board of Directors on 17 November 2016.

PERFORMANCE

During the 6 month period under review, the Company made an after tax loss of Kshs. 7.7 million, as compared to an after tax profit of Kshs.9.5 million in the previous year. This is principally due to the unrealised Kshs 30.2 million fair value loss on revaluation of biological assets.The fair value losses were attributed to an amendment to the International Accounting Standards (IAS) 41. Inspite of the turbulence in the international coffee prices, there was a signifiicant improvement in coffee sales revenues due to hi gher coffee volumes and hence operating profits.

OUTLOOK

The company's coffee bushes are in good shape and management expects the Company's operations to remain profitable for the remainder of the financial year.

DIVIDEND

The directors do not recommend payment of an interim dividend for the period ended 30 September 2016 (30 September 2015: NIL).
