iii. Focus

During the Centum 3.0 strategy period, our goal is to develop investment grade opportunities across eight sectors, namely: Real Estate, Financial Services, Fast Moving Consumer Goods (FMCG), Energy, Agriculture, Healthcare, Education and ICT.

Centum is currently active in 4 of these sectors (Real Estate, Financial Services, FMCG and Energy) and is developing platform opportunities in Agriculture, Healthcare and Education sectors.

iv. Brand

At Centum, brand essentially means delivery to promise. We look to achieve this by developing investment grade opportunities through sector specific capacity. During the year, we were able to attract top talent in the market and enhanced capacity in our Power, Agribusiness and Fast Moving Consumer Goods (FMCG) divisions.

The ability to deliver to promise has seen us grow our shareholder wealth, which in turn has been reflected in our share price. C. OUR INVESTMENT TRACK RECORD

1. Deal Sourcing

We have developed a pipeline of attractive opportunities in the Financial Services, Power, Real Estate and Fast Moving Consumer Goods (FMCG) sectors.

- **Power**

Centum has a development pipeline of about 1,190 Mw of Power Plants to date.

expected to be complete in 2019, and will go a long way in enabling the delivery of Kenya's projected power demand under Vision 2030.

ii. Akiira Geothermal
Centum is developing a 140 Mw geothermal energy plant in Olkaria. Phase I of the project will produce 70 Mw, while phase II will provide the second 70 Mw.

- Financial Services

Centum acquired a controlling stake of 65% in K-Rep Bank during the year. The bank is expected to deliver significant synergies within the Group. We have begun repositioning the bank by revamping its strategy, investing in technology and human capital. Over the next five years we intend to help K-Rep Bank grow into a Tier II bank.

- Real Estate

i. Two Rivers Development

During the financial year, Two Rivers Development (TRDL) attracted USD 75 Mn in equity investment by AVIC and ICDC and a USD 60 million debt facility from The Co-operative Bank of Kenya. The flagship project of TRDL is the Two Rivers Mall which is set to be the largest retail mall in sub-Saharan Africa, excluding South Africa. With a gross lettable area of 670,000 sq.ft, the mall is currently substantially let. Mall construction will conclude later this year.

In October 2014, Carrefour officially signed on as the anchor tenant for the mall. Carrefour is the 4th largest retailer in the world in terms of revenue. The project is currently in advanced stages with structural works complete, phase II of the project consists of completion of the mall

ii. Pearl Marina Development

Construction of Phase I of the project which is development of 105 luxury villas, commenced in February 2015 and is expected to conclude in February 2017.

iii. Vipingo land

We have signed a land purchase agreement to acquire 10,500 acres of land in the coastal area of Vipingo from Rea Vipingo Plantations Limited. Master planning for Phase I of this development is underway.

- Fast Moving Consumer Goods (FMCG)

In the financial year, Centum acquired additional shareholding in Almasi Beverages bringing the total shareholding in Almasi to 50.95%. Acquisition of control in Almasi is part of Centum's strategy to invest in FMCG, a sector whose growth will continue being driven by increasing income and a growing population. Almasi is expected to grow revenues by over 19% annuallydue to planned activation of 10,000 new outlets and increase capacity once the new bottling line that has been installed in the Nyeri facility is commissioned

As part of the FMCG strategy, Centum established King Beverage Limited, a company that has distributorship license for Carlsberg Beer. Carlsberg is the fourth largest brewer in the world. It is based in Denmark and is available in over 150 markets with over 500 beer brands with 12 billion litres sold in 2009. The outlook is to pursue local production in the future.

Through active execution of value creation strategies, Centum has improved the underlying performance of its portfolio companies, resulting in an increase in profit attributable to Centum. The profitability of the underlying portfolio companies has increased at an annual rate of 48% over the last six years.

OUTLOOK

During the FY2016 we look to focus on:

- Development of platform opportunities in the real estate (Vipingo), healthcare and education sectors
- Achievement of development milestones on the Amu Power project and commence construction.
- Complete Phase I of the Pearl Marina project.
