Bank of Kigali
INVESTOR PRESENTATION
Q4 2016 & FY 2016

Disclaimer

This presentation contains statements that constitute "forward-looking statements", including, but not limited to, statements relating to the implementation of strategic initiatives and other statements relating to our business development and financial performance.

While these forward-looking statements represent our judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other factors could cause actual developments and results to differ materially from our expectations.

These factors include, but are not limited to, (1) general market, macroeconomic, government policies, legislative and regulatory trends, (2) movements in local and international currency exchange rates, interest rates and securities markets, (3) competitive pressures, (4) technological developments, (5) changes in the financial position or credit worthiness of our customers, obligors and counterparties and developments in the markets in which they operate, (6) management changes and changes to the Bank's structure and (7) other key factors that we have indicated could adversely affect our business and financial performance, which are contained elsewhere in this presentation and in our past and future filings and reports, including those filed with the National Bank of Rwanda and the Rwanda Stock Exchange.

We are under no obligation (and expressly disclaim any such obligations to) update or alter our forward-looking statements whether as a result of new information, future events, or otherwise.

Review of the Macro Economic Environment –OK

Macro Economic Review

- In the third quarter of 2016, GDP at current market prices was estimated to be FRw 1,662 billion, up from FRw 1,506 billion in the same quarter of 2015. Real GDP was 5.2 percent higher in real terms compared to the same quarter of 2015.
- The Services sector contributed 48 percent of GDP while the agriculture sector contributed 33 percent of the GDP. The industry sector contributed 13 percent of the GDP and 5percent was attributed to adjustment for taxes and subsidies on products.
- In this quarter, “Agriculture sector” grew by 1 percent and contributed 0.4 percentage points to the overall GDP growth. Activities in the “industry sector” increased by 7 percent and contributed negative 1 percentage points. “Service sector” increased by 6 percent and contributed 3 percentage points to the overall GDP.
- Generally, inflation in 2016 averaged 5.7% compared to 2.5% in 2015, higher than previous three years due to high food price inflation and exchange rate depreciation.

Corporate Governance

- The Board has Seven independent non-executive directors (including two non-resident directors with extensive expertise in international banking practices)
- The Board of Directors is appointed by the shareholders and approved by the Central Bank and meets on a quarterly basis or more frequently as the business demands.
- The Board sets the strategy and retains full responsibility for the direction and control of the Bank as spelled out in the Memorandum and Articles of Association, the Board Charter and the BNR Corporate Governance guidelines.
- The Board sub-committees have clear TORs which underscore the scope and context of their mandate and performance as approved by the Board & the BNR Corporate Governance regulation.
- The Board receives detailed financial information and regular presentations from the management on the Bank's business performance; this enables the Directors to make informed decisions on governance, strategic, financial and operational issues.

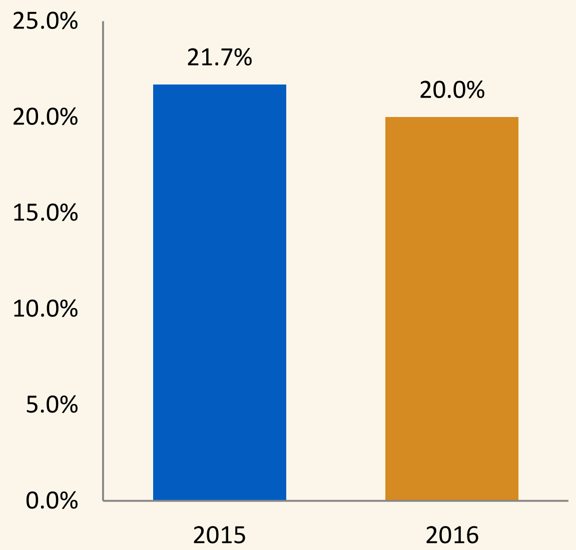
STRATEGIC OUTLOOK

Strategic Outlook

Objectives	Strategies	Action	Outcomes
Customer growth in terms of current accounts – increase current accounts by 100,000 in 2016	Build an ubiquitous branch footprint throughout the country	• Expand the branch network to 80+ branches by YE 2017	• Benefit from first-mover advantage outside the capital city, making it more difficult for the competitors to follow suit • Reach out to the unbanked (but bankable) population
	Build sufficient channel capacity	• Increase the number of ATMs, POS terminals and cards outstanding • Build a modern and scalable mobile banking and Internet banking platforms • Alternative client acquisition & service channels (retail chains, co-branded cards, utilities, etc)	• Become the bank of choice and convenience for the middle class and youth entering the employment sector • Create capacity to service 500,000+ clients
	Expand retail product offering	• Flexible, offset, variable-rate, etc. mortgages • Full range of consumer loan products • Revolving credit cards • Payroll & pension-backed loans & overdrafts • Modern, multi-currency current accounts with debit cards • Ubiquity of ATMs and POS terminals in urban centers and reasonable proximity elsewhere • Payment & e-wallet solutions • Full range of deposit products	• Maximize the product-to-client ratio • "Grow with clients" • Valuable source of retail clients through payroll programs • Growth of loan book and F&C income
Healthy structure & CAGR - 5 years for balance sheet >20% growth	Increase the loan to asset ratio to 60% Increase retail loans penetration Consolidate the leading position in corporate banking	• Integrated client coverage • Leverage the superior lending capacity • Cross-selling opportunities • Documentary operations & trade finance, FX, other solutions • Rep offices in EAC	• Diversification of funding base • Expand the share of higher-margin lending • Maximize the cross-sell opportunities • Grow the share of retail in the loan book up to 30%-40% in the medium term
	Increase the maturity profile of liabilities	• Leverage the superior access to wholesale funding to complement the deposit funding base	• Reduce maturity gap • Enable further expansion of long-term lending
	Create a universal banking platform	• Private Banking, Securities, Insurance	• Further diversification of revenue streams
Earnings CAGR - 5 years >22% Return on Average Equity > 20%	Maintain profitable growth	• Continuous improvement of risk management policies & procedures • Disciplined capital management, medium term target CAR > 20% and ROAE > 20%, implying ROAA in the 4.0% range	• No profitability sacrifices for the sake of market share gains • Sensible dividend policy as the growth curve flattens out over time

Management Targets

Return on Average Equity



Other Selected Management 2016 targets

- Net Income CAGR- 5 years >22%
- Total Assets CAGR- 5 years >20%
- Reduce NPL ratio to < 5%
- Increase number of retail accounts by 100,000.
