GROUP RESULTS

The Group's revenue for the year decreased by 39.32% mainly attributed to delayed execution of several major construction projects, a reduction in sales to government and major corporate companies as well as the negative effects of stiff competition. The profit after tax grew to Kshs 45.04 million, up from 7.9million reported in 2013, with earnings per share growing by the same margin to Kshs 0.38 per share.

The business outlook is positive with a strong pipeline of projects underway. The Group is focusing on building strategic relationships with key stakeholders with a view to expanding regionally and to developing new products in order to expand its revenue base. The board of directors is optimistic that the Group will realize further growth and improvement in 2014.
