COMMENTS ON THE RESULTS

The results for the half-year ended 31st March, 2012 show a profit after tax from operating activities of KShs. 160 million compared to KShs. 198 million for the same period in the previous year. The increase in production for both tea and coffee over the previous year was adversely impacted by the increases in cost of farm inputs and cost of farm labour. Auction coffee prices were significantly lower than last year, more than offsetting the gains from more favourable exchange rates. The adverse weather conditions affected our dairy and horticulture operations. The Group has continued to expand its value added activities and has opened another Savanna coffee lounge at the Ridgeways Mall. The losses from changes in the valuation of biological assets is KShs. 47 million for the six months period driven mainly by the lower realisations of coffee and the increase in the cost of production. This however, has not impacted the profits available for distribution.

INTERIM DIVIDEND

The board has declared the payment of 50% interim dividend (KShs. 0.50 per share), payable less withholding tax, where applicable, on or about 6th July, 2012 to the members on the register at the close of business on 14th June, 2012. The Company's register of members will be closed for one day on 15th June, 2012
