GROUP RESULTS

The Group realized a turnover of Kshs 4.8billion up from Kshs 3.6billion achieved in 2012, representing 33% growth in revenue. Circulation revenue grew by 6% while print advertising recorded a 41% growth over the previous year. TV advertising revenue also registered impressive growth at 72% in the year under review.

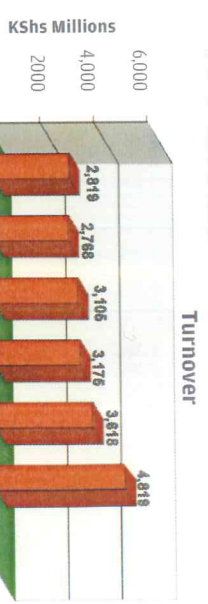

The Group realized a profit before tax of Kshs. 301 million representing a 13% growth from Kshs 265 million in 2012. However, due to the planned migration from the current analogue free-to-air TV to digital TV, the Group profitability was impacted adversely following the impairment of analogue transmission equipment. This together with additional provisions arising from change of policy amounted to Kshs. 151million in 2013. Shareholders' equity increased by 10% to stand at Kshs 2billion up from Kshs 1.84billion in the previous year.

Dividend

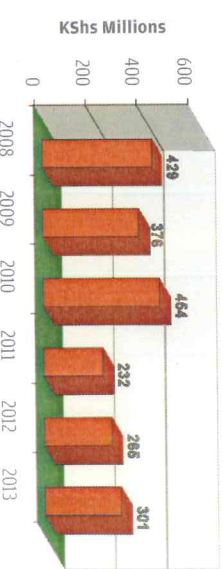

The Group has continued to roll out its growth strategy by investing significantly in productive assets thereby impacting on dividend payout. The board however acknowledges the continued support by shareholders and looks forward to a regular dividend payout in future. The Board recommends a final dividend of Kshs 0.50 per share for the year 2013, subject to withholding tax where applicable and shareholders' approval at the Annual General Meeting to be held on 23 May 2014.
