
AUDITED FINANCIAL RESULTS FOR THE YEAR ENDED 31 DECEMBER 2025

The Board of Directors of Britam Holdings Plc is pleased to announce the audited consolidated results for the period ended 31 December 2025.

PERFORMANCE HIGHLIGHTS

Globally, the year 2025 was characterised by a high number of conflicts, widespread instability across some regions and rising inflation caused in part by the US tariffs. The operating environment across the Group's footprint remained challenging, with pockets of elevated claims experience and inflationary pressures. Despite these dynamics, the Group sustained topline momentum and preserved balance-sheet strength through prudent underwriting, cost efficiency and active investment management.

We are pleased with the Group's solid performance, achieving a profit before tax of Shs 7.9 billion, up from Shs 7.3 billion in the prior year. This outcome reflects effective execution, strengthened balance sheet and continued delivery of key strategic initiatives during the final year of the 2021–2025 strategy cycle.

Insurance revenue increased to Shs 41.7 billion, representing 11% growth. This performance points to sustained top line growth in the Life and General Insurance businesses in Kenya and stable contributions from regional operations.

Net Insurance Service Result declined to Shs 3.5 billion, largely due to unfavourable claims experience in the Medical and Motor portfolios and higher risk retention. Despite this, the Group's underlying fundamentals remained solid, supported by robust investment performance, with net investment income rising to Shs 31.9 billion (2024: Shs 30.6 billion). This positive investment performance helped stabilise overall profitability and reaffirmed the strength of the Group's diversified earnings base.

The Group maintained a strong capital position, with total equity increasing to Shs 35.0 billion from Shs 29.5 billion, supported by profitability and prudent balance-sheet management. Investment assets grew to Shs 220.7 billion, underscoring strategic asset allocation and reinforcing the Group's financial resilience.

Strategic Initiatives and Outlook:

2025 also marked significant progress in consolidating digital platforms, data capabilities and customer-facing systems, strengthening operational efficiency and enhancing service delivery. These advancements provide a strong foundation for the 2026–2030 ASCEND Strategy, which will focus on execution excellence, customer obsession, digitalisation and sustainable value creation across Africa. The Group enters financial year 2026 with strengthened fundamentals, resilient capital buffers and a clear strategic path for the next phase of growth.

Dividends

The Board of Directors does not recommend the payment of dividends for the year ended 31 December 2025 (2024: Nil).
