COMMENTARY ON THE RESULTS									
The year under review saw reasonable weather conditions ,a particularly wet period from September to December gave way to very dry and often cold weather in the last quarter of the year. The dry weather in the last quarter of the year, whilst normal and anticipated ,contributed significantly to results.									
DIVIDEND									
The Directors recommend a final dividend of KShs 7.50 (2011 - KShs 12.50) to be ratified at the forthcoming Annual General Meeting together with the interim dividend of KShs 50.000 per share paid in March 2012. The final dividend if approved will accrue to those members on the register at close of business on 20st August 2012. The register will remain closed from 21st to 29th August 2012 both days inclusive with the dividend being paid thereafter net of withholding tax as applicable.									
ANNUAL GENERAL MEETING									
The Annual General Meeting of the Company will be held at the Nairobi Club, off Ngong Road, Nairobi on Thursday, 23rd August 2012 at 10.00 a.m.									
PROSPECTS									
Whilst the weather conditions remain unpredictable, the global markets forces, foreign exchange fluctuations and the ever increasing costs of production , will continue to affect the performance and profitability of the company in the forthcoming financial period.
