Basis of preparation

The financial statements have been prepared on the historical cost basis in accordance with International Financial Reporting Standards (IFRS) and the accounting policies have been consistently applied to all the years presented.

Audit opinion

The financial statements were approved by the board on 29 April 2014 and were audited by PKF Kenya and received an unqualified opinion.

Performance

Despite the internal and external challenges, the Express Kenya group of companies has managed to break even, reporting a profit. The group is proud to report that the 2013 results are attributable to its operational activities unlike in previous year when it included gains from investment activities.

The group has had an improvement in business as a result of an increase in its client base, leading to a substantial positive increment in its operational activities.

Future outlook

Plans to invest in the real estate business are well underway as discussed in last year's AGM. This shall follow the carefully planned and sustainable realignment of the group's resources towards its long term strategic goals.

Dividend

The directors do not recommend the declaration of a dividend for the year.

By order of the Board

Dr. Chris Obura
Chairman

Mr. Hector Diniz
Chief Executive Officer
