Overview:

Revenue for the six-month period ended 30 June 2013 was Kshs.629.2 million, down 2.7%. The drop is attributed to the subdued economic activities in the period preceding the general elections. However profits before tax were up 28%, at Kshs.151.8 million due cost control efforts as well as a generally low inflationary environment. Earnings before interest and taxes increased from Kshs.101.3 million to Kshs.121.7 million in the same period.

The financial statements have been prepared on the basis of the same accounting policies as in the previous audited accounts.

Outlook:

The board expects that the stable macro-economic environment in the first half of the year will continue in the second half and the positive trading results of the Company will be maintained.

Dividend:

The board of directors have declared an interim dividend of Kshs 2.60 per share for the six-months ended 30 June 2013 (2012, Kshs. 2.00), to be paid out on or around 30 September 2013 to shareholders on the register at close of business on 6 September 2013.
