Overview:

Revenue, for the six-month period ended 30 June 2017, at Kshs.515.6 million was down 4.5% compared to the same period of 2016 due to the loss of a major public sector hospital tender occasioned by importation of medical oxygen.

Profit after tax decreased by 37.3% due to a once-off credit in the prior year following the adoption by the Company of the revised methodology used by Group Companies to determine stock obsolescence provisions.

The financial statements have been prepared on the basis of the same accounting policies as the previous audited accounts.

Outlook:

The Board is expectant of improved results in the second half of the year and is working with Management to ensure there is continuing monitoring and evaluation of laid out action plans and customer projects are delivered timeously.

Dividend:

The Board of directors has declared an interim dividend of Kshs 2.20 per share for the six-month period ended 30 June 2017 (2016, Kshs. 2.20), to be paid out on or around 13 October 2017 to shareholders on the register at close of business on 22 September 2017.
