Commentary:

The group's earnings after tax grew by 66% compared to last year. The growth in earnings was driven by increased export sales, production efficiency, cost reduction, more stability in the regional currencies and improved profit from our subsidiary in Tanzania.

There was marginal drop in group revenues due to reduced activity with the local utilities and a decline in London Metal Exchange prices.

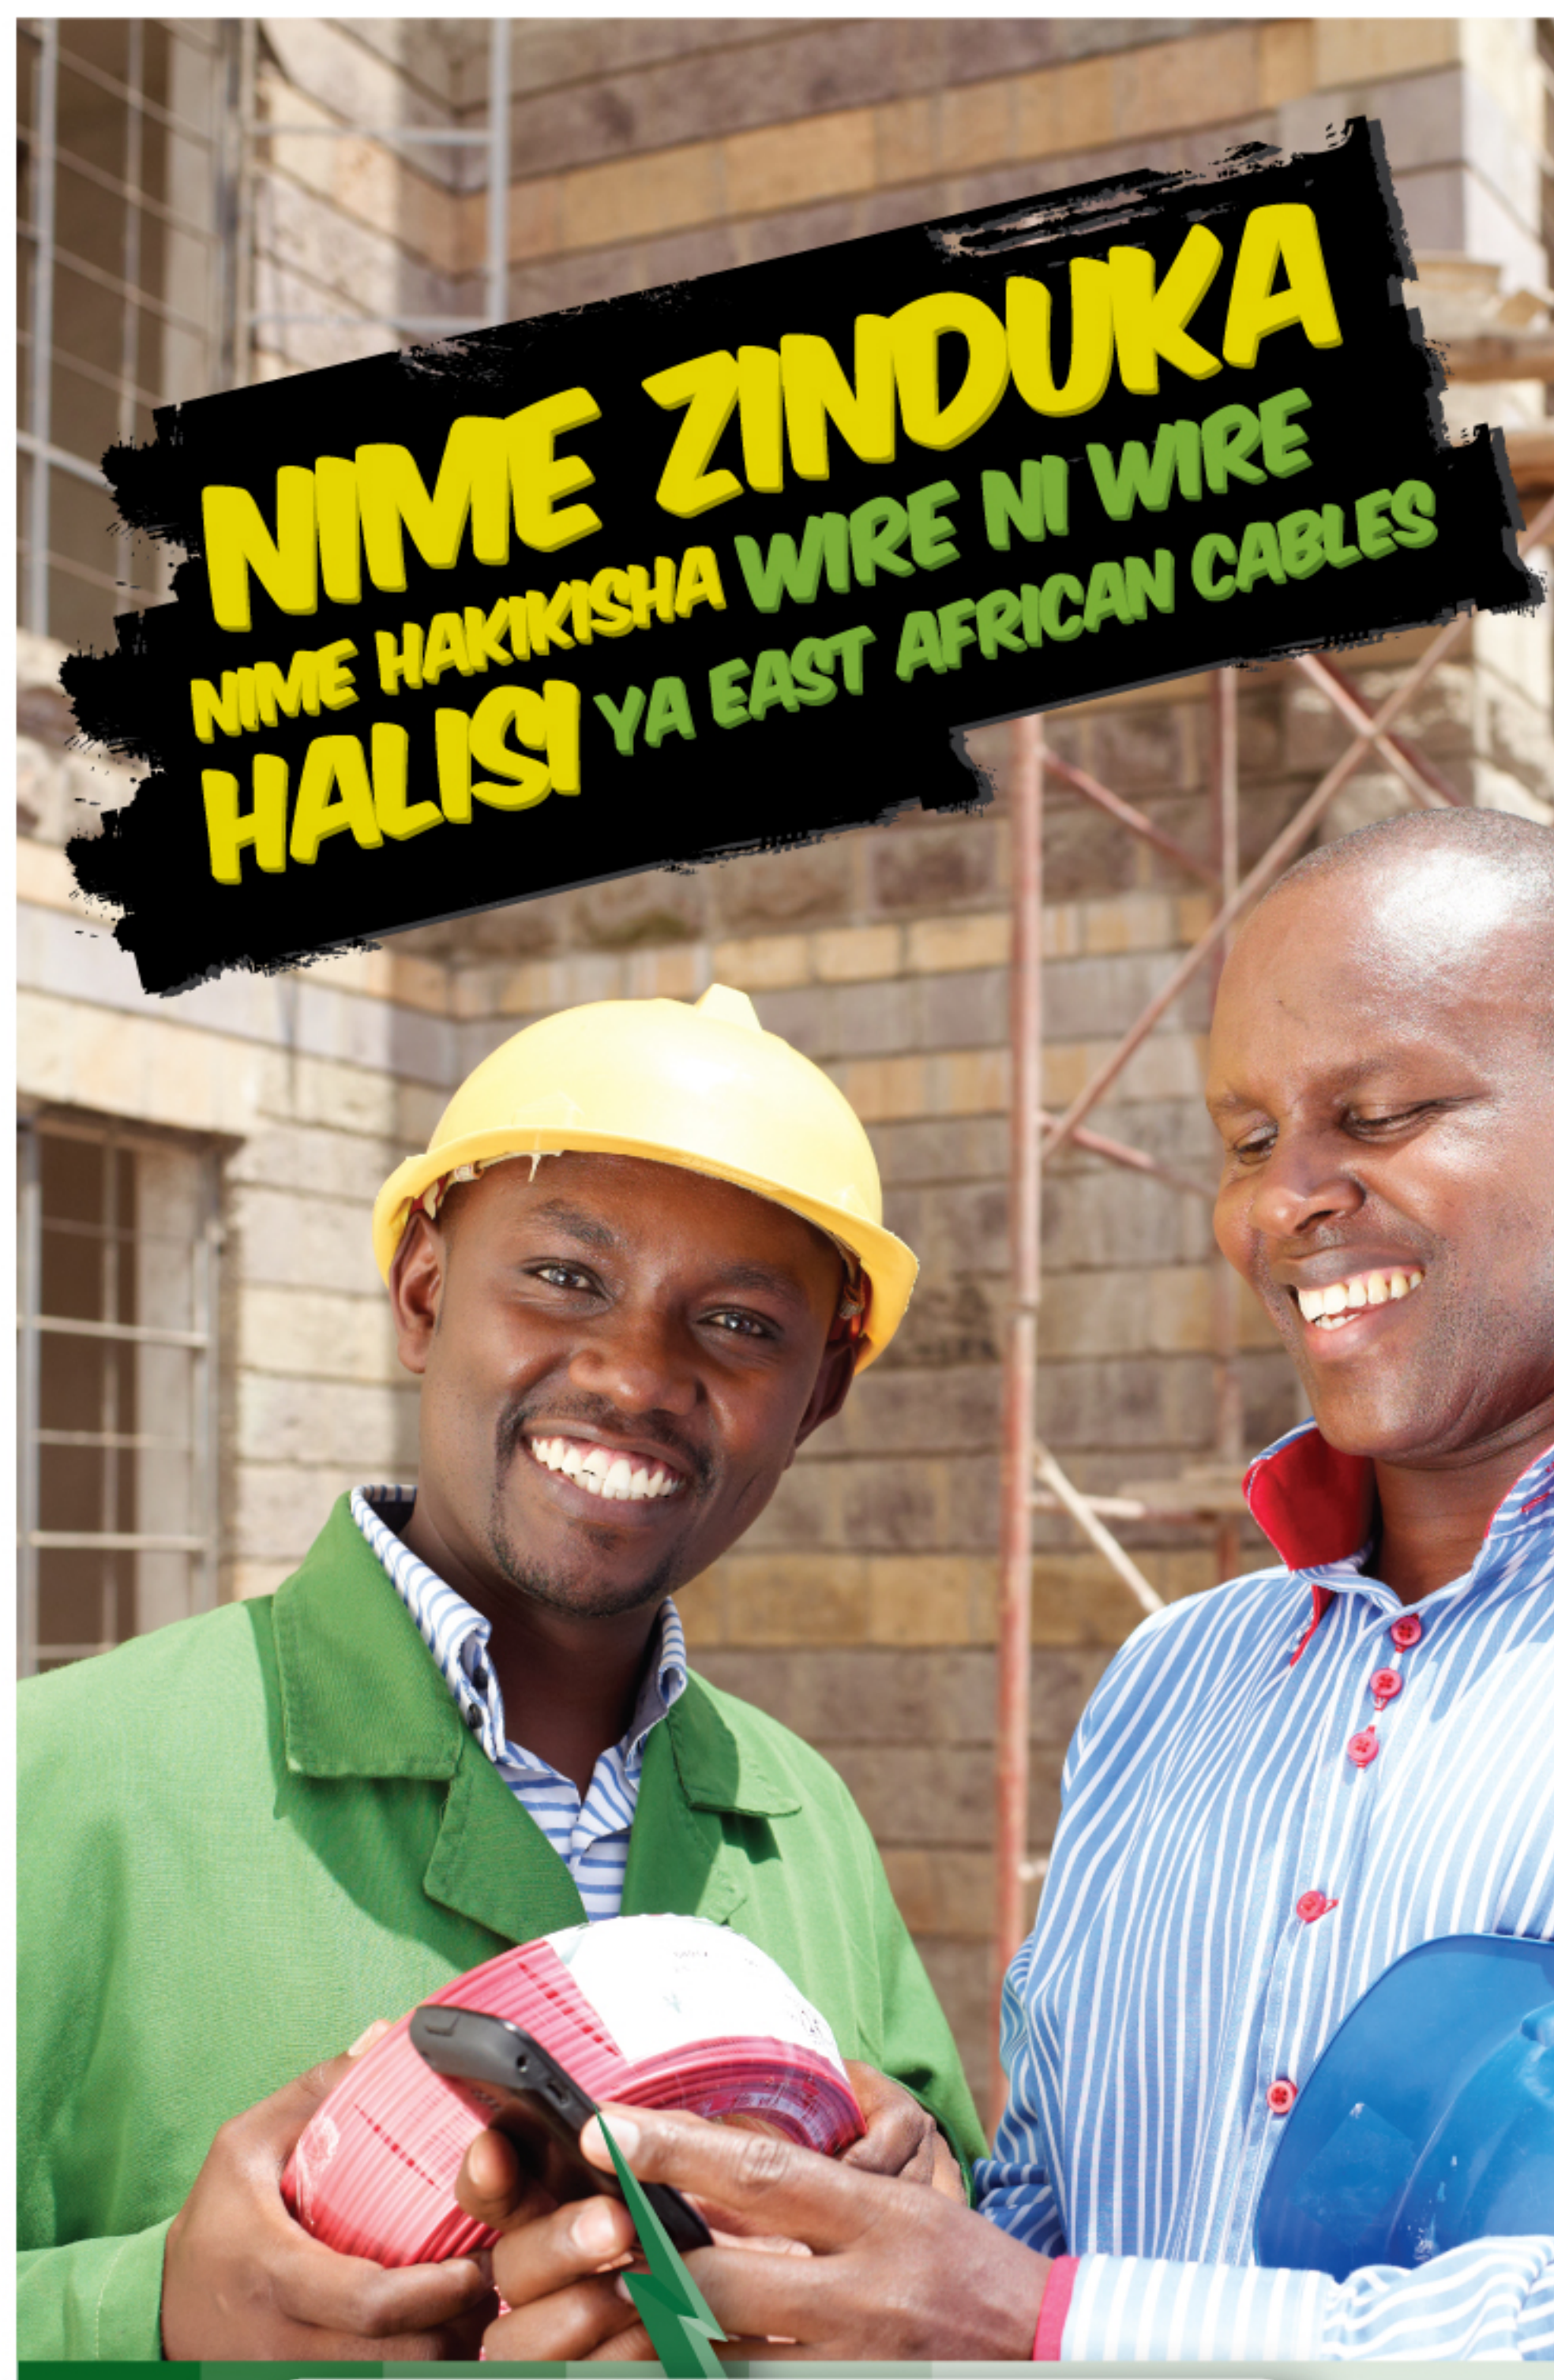

Dividend

The board of directors is pleased to recommend a final dividend of Kshs. 0.60 per share. This together with interim dividend of Kshs. 0.40 per share already paid amount to Kshs 1.00 per share (2011 – Kshs 0.80 per share). The final dividend will be paid less withholding tax where applicable on or about 14th June 2013 to members on the register at the close of business on 3rd May 2013.

By order of the Board,

Virginia Ndunge
Company Secretary
