Real Estate Sector Strategy Overview

Our real estate strategy seeks to master develop attractive sites across the region and provide commercial impetus for investors to establish city-shifting developments therein

Overview of Centum's Value Creation Process in Real Estate

- Capabilities within Athena Properties are leveraged to masterplan large scale mixed use developments that seek to transform the region
- Capital raised is at project level to fund trunk infrastructure and strategic in fill developments to catalyse locations to attract third party developers
- Monetisation of the significant value uplift is realised through sale of construction ready sites to third party investors
- Ongoing urban management is a key part of value proposition for third party investors and a source of annuity income for the Group

Sector NAV Contribution (KES Mn)	1,347
Sector NAV Contribution (%)	3.0%
Sector NAV Per Share Contribution (KES)	2.02

Power Portfolio Companies	NAV Per Share Contribution (KES)	NAV Per Share Contribution (%)	Entity Total Assets (KES Mn)	Entity Debt (KES Mn)
Akiira Geothermal	2.02	3.0%	1,347	-
Amu Power	-	-	Not Disclosed	Not Disclosed

- We have undertaken the development of greenfield power projects with the **aim of attracting third party capital at significant value uplift once the projects are sufficiently de-risked** as evidenced by a successful financial close
- The development process for both Amu Power (1 040 MW coal power) and Akiira (140 MW geothermal power) has been protracted, nonetheless **both projects are steadily progressing towards financial close**
- Investors have shown interest in both Amu Power and Akiira, validating our investment thesis

Development Portfolio

Agribusiness Summary Update

Agribusiness Sector Contribution, FY 2017	
Sector NAV Contribution (KES Mn)	53
Sector NAV Contribution (%)	0.1%
Sector NAV Per Share Contribution (KES)	0.08
Valuation Methodology	NAV

- Initial investment in 120 acre farm in Ol Kalau continues to gain traction
 - Exporting herbs to EU markets
 - Expect to reach full utilisation of arable land by end FY 2018
- Sector strategy is to develop a large scale industrial agriculture production and processing platform
 - Focus on identifying suitable land during FY 2017, which culminated in the acquisition of 14,000+ acres in Masindi Uganda in Q1 2018*

* This is a post balance sheet development

Development Portfolio

Education and Healthcare Summary Update

Education

- Through a consortium comprising Centum, Investbridge Capital and Sabis, a global school operator, we seek to establish a platform of 10-12 schools across Sub-Saharan Africa to
- We broke ground on the first school to be developed in East Africa in February 2017
 - School to cater for kindergarten through to grade 12
 - Targeting first intake in September 2018
 - Total capacity of ~2 000, to be developed in two phases
- We continue to explore additional locations with our partners

Healthcare

- We seek to develop an integrated healthcare delivery platform targeting the middle class
- Feasibility assessment has been completed, and an experienced operating partner has been identified
- Currently in advanced stages of project development for our initial greenfield investments
- Targeting to break ground on our initial facility in FY 2018

Growth Portfolio

Sidian Bank Update

- Introduction of interest rate capping has resulted in a challenging operating environment for the industry.
- Compression of interest income anticipated in the near term
- Numerous efforts aimed at optimising performance in the face of current market conditions are ongoing, including:
 - Significant focus on refreshing product base to drive conversion of large base of multi-banked/dormant account holders
 - Shift towards non-funded income
 - Sustained focus on enhancing operational efficiency
 - Capacity investment to grow corporate banking
 - Significant investment in technology channels
 - Closing on long term and lower priced funding to manage cost of deposits

Financial Review

Group Finance Director: Samuel Kariuki

FY 2017 Financial Performance Highlights

Key Drivers

Realised Gains

- Prior year gains included Two Rivers Mall transaction gain of KES 3.2Bn
- Nominal marketable securities trading in light of market conditions

Portfolio Performance

- Strong EBITDA performance of beverage business
- Strong performance of consumer lending associate
- Depressed performance of banking subsidiary, post rate caps

New Subsidiary

- Consolidation of Longhorn Publisher's results for the first time, following acquisition of control in May 2016

Finance Costs

- Lower finance costs. Prior year finance costs included significant forex losses on USD denominated bridge facilities
- Portion of finance cost now capitalised as Interest During Construction

Key Drivers of Performance

- 16% drop in Profit After Tax on account of lower realized gains on disposal
- Stripping out realized gains in both years, YoY profit grew 66%
