GROUP RESULTS

The Group performance for the first half of 2016 was largely driven by remarkable growth in revenues around the broadcast segment of the business. Television revenues have recovered and consequently grown by 64% over last year. In addition the investment in a 24 hour news channel (KTN News) and partnership with Bamba has resulted in tremendous growth in viewership. Investments made in Radio Maisha have generated positive results, closing at 46% revenue growth over last year. Online and Outdoor (Backlit Billboards) business lines have seen revenue growth of 6% and 20% respectively over last year.

Print advertising and circulation revenues have seen a 10% and 16% decline compared to last year. The overall group turnover closed at 2.22B as same period in 2015.

Continuous cost management initiatives have enabled the group to make maintain direct costs at 2015 levels while savings on overheads were 8% largely driven by savings due to workforce reorganization and procurement efficiencies. Depreciation and Finance costs have grown by 28% and 133% as a result of investments in automation (SAP ERP & Publishing System-PPI).

The Group Profit after tax grew by 51% to close the period at Kshs32.2M from 21.3M

reported in the same period last year.

OUTLOOK.

The board and management is optimistic that the group will close the year profitably. Though print business is facing challenges measures to increase sales have been put in place and distribution alignment has also been emphasized as we approach 2017 elections.
