

TransCentury

Briefing 18th June 2014

INVESTING IN AFRICA

- **Where we are today: TransCentury's Infrastructure Focus**

- What we achieved in 2013: Highlights and Financial Performance
- What has happened since year end: 2014 Post Balance Sheet Events
- What are our future plans: 2014-2016 Infrastructure Projects

Strong growth trajectory over past 7 years

TransCentury's Infrastructure Focus

Geographical presence in Power

Geographical presence in Engineering

■ Established Offices
■ Areas of Operations

Selected projects in various countries

CIVIL ENGINEERING

South Sudan:
Road construction,
maintenance – over 4,000
kms of road built

MECHANICAL ENGINEERING

Kenya:
Construction of Ormat
Geothermal plant in
Naivasha

LOGISTICS

Uganda:
Transport of brewery
vessels

CRANAGE & ERECTION

Rwanda:
Construction of a 25MW
HFO plant in Kigali

CIVIL ENGINEERING

Congo:
Mining services for a 5.6
million ounce mine

- Where we are today: TransCentury's Infrastructure Focus
- **What we achieved in 2013: Highlights and Financial Performance**
- What has happened since year end: 2014 Post Balance Sheet Events
- What are our future plans: 2014-2016 Infrastructure Projects

Key achievements in Power in 2013

Key Achievements in 2013 – (1 of 2)

- **East African Cables:**
 - Investment in plant & machinery to expand product offering and improve efficiency
 - New site for expansion
 - New legislation requiring 40% local content in Kenya
- **Kewberg cables & braids**
 - New factory layout and investment in plant & machinery to improve capacity & efficiency

Key achievements in 2013 – (2 of 2)

- **Cableries du Congo**
 - Duty exemption for Copper imports
 - Frame contract with SNEL
- **Tanelec Tanzania, Zambia and Uganda**
 - Improved sourcing of raw materials
 - Investment in plant & machinery to improve capacity & efficiency
 - New repair facility opened in Uganda for Umeme

Cables

- Overhead Conductors
- Power & Control
- Specialty & Design
- Building Wire
- Instrumentation & Control Cables
- Mining Cables

Transformers

- Distribution transformers
- Power transformers
- Transformer Servicing

Switch gear

- Low voltage Switchgear
- Medium voltage Switchgear
- Automation & Control Products

Generators

- SDMO Generators
- Power Source
- Yor Power Generators

Contracting Projects

- Distribution & Transmission Lines
- Substations

Key achievements in Engineering in 2013

Kenya

- Construction of **well pads** in **Northern Kenya** for **Tullow Oil**
- Building of a **new mine** in **Kwale** for **Base Titanium**
- Expansion of **Geothermal Power Station** in **Navaisha** for **Ormat** to a capacity of 125MW

Uganda

- Construction of **well pads** in **Pakwatch** and **North Nile** for **TOTAL E&P**
- Construction of **well pads** in **Lake Albert Basin** for **Tullow Oil**
- Construction of new **fuel storage depot** in **Kampala** for **Vivo Energy**

Tanzania and Zambia

- Construction of **Chemical Storage Tank Farm** in **Mtwara** for **Solvochem** to support **Off shore Gas exploration**
- Construction of **Power Lines** to support New Mine development in **Zambia's Copper Belt**
- New **franchise** dealership for **Emerson** to distribute products to the mines

DRC, Rwanda and S. Sudan

- Construction of **500km's of roads** and **3 new Gold mines** including **2nd largest Gold Mine in Africa**
- Construction and outfitting of **Methane Gas Power Barge** on **Lake Kivu** in **Rwanda**
- Construction of a **fuel storage depot** for **Tristar** in **Malakal** in **S. Sudan**

Case Example - Delivering large scale mine

Kwale Mineral Sands Project – Kwale, Kenya

- New Mine Build
- 8 month build duration
- 800 personnel on site at peak
- On site construction camp
- High performance construction management
- High performance HSE Management - LTI/Environmental incident free

Summary Financial Statements 1 of 2

Income Statement

Figure in KES millions	2013	2012	% Variance
Revenue	11,807.6	13,487.2	-12%
Gross Profit	3,559.3	3,673.2	-3%
% of Sales	30.1%	27.2%	
EBITDA	2,258.4	2,613.3	-14%
% of Sales	19.1%	19.4%	
Operating Profit	1,535.0	1,969.4	-22%
% of Sales	13.0%	14.6%	
Profit Before Income Tax	858.6	1,226.5	-30%
	7%	9%	
Profit After Income Tax	626.4	740.6	-15%
% of Sales	5.3%	5.5%	
Profit After Tax Attributable to:			
Equity Holders of Parent Company	291.3	455.1	-36%
Non Controlling Interest	335.1	285.5	17%
Profit For the Year	626.4	740.6	-15%

Summary Financial Statements 2 of 2

Consolidated Balance Sheet

Figures in KES Millions	2013	2012	% Variance
PP&E	6,630.2	6,865.9	-3%

- Where we are today: TransCentury's Infrastructure Focus
- What we achieved in 2013: Highlights and Financial Performance
- **What has happened since year end: 2014 Post Balance Sheet Events**
- Where are we headed: 2014-2016 Infrastructure Projects

2014 Post Balance Sheet Events

- TransCentury **exited** its investment in **Rift Valley Railways** in **March 2014** realising **USD 43.7 million** from the sale of its **34% stake** in **KU Railways Holding Limited**
- The **proceeds** from the **Rift Valley Railways sale** are being re-deployed towards the following:

(A) Growth Capital: Funds will be invested to support investments in plant and machinery across the various plants in Kenya, Tanzania, Zambia and South Africa

(B) Greenfield Infrastructure Projects: Investment into a new 35MW Power Plant in Menengai, Kenya with a PPA already initialed

(C) Debt reduction: Reduction in the Company's bank borrowings

- Where we are today: TransCentury's Infrastructure Focus
- What we achieved in 2013: Highlights and Financial Performance
- What has happened since year end: 2014 Post Balance Sheet Events
- **Where are we headed: 2014-2016 Infrastructure Projects**

2014 to 2016 Infrastructure Projects

- **TransCentury** is developing high return **Infrastructure Projects** in partnerships with **key technical partners** and has a strong pipeline of projects in excess of **\$500m of equity**
- Projects phased in **2014, 2015 and 2016** and focused on Power, Engineering and other Infrastructure projects.
- **TransCentury will** add value by **originating, building and operating infrastructure** projects along with technical partners
- **Menengai 35MW Geothermal Power Station** is the first such Project and will be built in 2014/2015 with the Power Purchase Agreement (PPA) already initialed
