COMMENTS

The Company recorded a growth of 33% in net profit for the half year period ended 30 June 2017. This good performance is attributed to the efforts and action plans set by management and the Board of Directors.

Net sales increased by 51% mainly due to increase in international oil prices. The Company recorded a 16% growth in margins to Kshs 4.2 billion for the period ended 30 June 2017 from Kshs 3.6 billion compared to the similar period in 2016.

Other income increased by Kshs 35 million as a result of increased activities in non-fuel business channels.

Operating expenses were contained and in line with management expectations. Net finance income of Kshs 142 million for the period resulted from effective management of working capital resulting in positive cash position in Kenya shillings.

Net profit for the period was Kshs 958 million (30 June 2016: Kshs 718 million).

Gross investments totalling to Kshs 490 million were made during the period in line with the strategy to enhance safety and continue to develop the business.

DIVIDENDS

The Directors do not recommend payment of an interim dividend.

OUTLOOK

The first half of the year was punctuated by a relatively stable macroeconomic environment with low volatility in fuel prices. Even though the Kenya shilling slightly depreciated over the period, management remains optimistic in a conducive economic environment during the second half of the year which will enable the company to pursue a good performance by the end of 2017.
