- Migaa Golf Estate, being a long-term project, is expected to realize its profitability towards the end of the project in 3 – 4 years' time. In line with our accounting policy, proceeds of the project are carried as current liabilities in the balance sheet as deferred income and as deposits from sales of plots lingering at KSh 2.8billion as at June 30th 2019 compared with KSh 2.6 billion for the same period in 2018. This amount will convert to revenues in our statement of profit or loss as the percentage of completion of the project improves over the next 3 – 4 years. All expenses are usually expensed in the current period.
- The book value of the group's sellable land and other inventory stood at Sh3.7 billion in 2019. We continue to investment in the infrastructure of the various projects which will help improve the market value of the land bank as the land becomes more desirable.

The directors do not recommend a dividend for the period ending 30th June 2019.
