Corporate Governance

- Corporate Governance is the backbone to any organization's strategy and success. It provides a framework within which corporate objectives are set and performance monitored, as well as providing assurance to investors that they will receive a return on their investment.
- The Board of BK Group Plc is composed of five directors. The Board of Directors was appointed by the shareholders during the AGM in June 2021 and pending approval by the Central Bank. The Board meets on a quarterly basis or more frequently as the business demands.
- The Board is committed to having a great 'mix' of qualified individuals appointed to the Board, as diversity is not only a strength but also provides a great competitive edge.
- The Board sets the strategy and retains full responsibility for the direction and control of the Bank as spelled out in the Memorandum and Articles of Association, the Board Charter and the BNR Corporate Governance guidelines.
- The Board sub-committees have clear TORs which underscore the scope and context of their mandate and performance as approved by the Board & the BNR Corporate Governance regulation.
- The Board receives detailed financial information and regular presentations from the management on the Bank's business performance; this enables the Directors to make informed decisions on governance, strategic, financial and operational issues.
