

Bank of Kigali

Investor Presentation

9M 2014

Disclaimer

This presentation contains statements that constitute “forward-looking statements”, including, but not limited to, statements relating to the implementation of strategic initiatives and other statements relating to our business development and financial performance.

While these forward-looking statements represent our judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other factors could cause actual developments and results to differ materially from our expectations.

These factors include, but are not limited to, (1) general market, macroeconomic, government policies, legislative and regulatory trends, (2) movements in local and international currency exchange rates, interest rates and securities markets, (3) competitive pressures, (4) technological developments, (5) changes in the financial position or credit worthiness of our customers, obligors and counterparties and developments in the markets in which they operate, (6) management changes and changes to the Bank’s structure and (7) other key factors that we have indicated could adversely affect our business and financial performance, which are contained elsewhere in this presentation and in our past and future filings and reports, including those filed with the National Bank of Rwanda and the Rwanda Stock Exchange.

We are under no obligation (and expressly disclaim any such obligations to) update or alter our forward-looking statements whether as a result of new information, future events, or otherwise.

Agenda

1. Key Investment Highlights
2. Country Overview Information
3. Banking Sector Overview
4. Bank Overview
5. Corporate Governance
6. Business Overview
7. Review of Financial Performance in Q3 2014 & 2013
8. Strategic Outlook
9. Contact Information

Key Investment Highlights

1. *Best Bank in Rwanda 2013 & 2014*

2. *Best East African Bank 2012 & 2014*

3. *Bank of the Year 2009-2012, 2014*

4. *Best Bank in Rwanda 2009-2014*

5. *Best African Listing 2011*

6. *Best Financial Reporting Company Rwanda 2012 & 2014*

7. *AA-/A1 Credit Rating*

The rating reflects the Bank's established domestic franchise value, strong capital position, its systemic importance, strong asset quality and financial performance.

Sound Macro Fundamentals

- Politically stable country with sound governance
- Very attractive demographic profile: population of 10.5 million with 83% below the age of 40
- Robust economic growth of an average of 8% pa with aim of reaching 11.5% by 2018
- Moderate inflation: Inflation rate of 2.6% as at September 2014
- The 2014 World Bank Doing Business Report ranked Rwanda as the 32nd out of 189 countries in terms of ease of doing business and 2nd in Africa. It was also named the most improved economy worldwide since 2005.

Significant Banking Sector Potential

- Significant headroom for growth given low banking penetration
- Total assets/GDP of 31%
- Large unbanked population of approximately 77%
- Well regulated banking sector: fairly conservative regulator relative to regulators in the EAC

Market Leadership

- Market leadership by
 - Total assets (RwF 485.0 billion - 9M 2014) – 33.9% market share
 - Net Loans (RwF 223.1 billion – 9M 2014) – 30.8% market share
 - Customer Deposits (RwF 328.1 billion – 9M 2014) – 30.8% market share
 - Shareholders' Equity (RwF 85.3 billion – 9M 2014) – 45.1% market share

Conservative Business Model

- Relatively high capital adequacy ratios ranging from 19.9% - 25.8% between 2009 and 9M 2014
- Manageable level of non-performing loans – 6.7% of gross loans in 9M 2014, down from 19.4% in 2007
- Net loans to customer deposits ratio of 68.0% in 9M 2014.

Experienced Management Team

- Management team with significant banking sector experience
- Complemented by an experienced and diversified Board of Directors
- Track record of producing stellar results

Profitable Growth

- Robust asset growth at a CAGR of 29.1% (2009-2013) – RwF 485.0 billion in 9M 2014
- ROAA ranging from 3.9% - 4.1% between 2009 and 9M 2014

Macroeconomic Indicators

GDP Breakdown By Economic Activity 9M 2014

Trade Structure

- Rwanda's exports are dominated by coffee, tea and minerals (tin, coltan and wolfram).
- The country remains a net importer. Major imports include fuel and oils, intermediary goods especially construction materials, consumer goods, and capital goods.
- Informal cross-border trade is a significant component of Rwandan external trade (approx. 17.8% of formal exports). 75% of these exports are destined to DRC
- Official reserves were estimated at 4 months of goods imports as of Dec 2013

Review of the Macro Economic Environment 9M 2014

Macro Economic Review

- According to the National Institute of Statistics of Rwanda GDP in Q3 2014 was 7.8 percent higher in real terms compared to the same quarter of 2013.
- The Services sector contributed 47 percent of GDP while the Agriculture sector contributed 34 percent. The Industry sector contributed 14 percent and 5 percent was attributed to adjustment for taxes less subsidies on products.
- Deposit interest rates stabilized at around 7.33% in the third quarter of 2014 from 8.98% recorded in the same period of 2013 while the lending interest rate remained stable at around 17.11% from 17.82% in the period under review.
- On average, headline inflation decelerated from 4.0% in Aug 2013 to 2.3% of the same period of 2014. In 2014, inflationary pressures from many components reduced and the main driver of the developments in inflation was food, housing, transport, education, restaurants and hotels.
- Trade deficit widened by 14.9% from USD 1,053.83 million in Aug 2013 to USD 1,211.24 million in Aug 2014.

Interest Rate Analysis

Recent Regulatory Reforms To Improve Access To Credit

- Enactment of Law on Mortgages, requiring the registration of mortgages and enabling lenders to foreclose on defaulters
- Establishment of Commercial Courts dealing solely with commercial disputes
- Reorganization of the Land Centre which has computerised records and operations in addition to timely issuance of property titles
- Reorganization of the Office of the Registrar General to enhance and fast track registration of mortgages and foreclosures
- Establishment of Credit Reference Bureau to enhance information sharing among banks and other financial institutions in order to assist with credit risk assessment

CORPORATE GOVERNANCE

Shareholding Structure & Corporate Governance

Shareholding Structure as at 30th September 2014

Free float- 45%

Corporate Governance

- ✚ The Board of Directors has eight independent non-executive directors (including two non-resident directors with extensive expertise in international banking practices)
- ✚ The Board of Directors is approved by the Central Bank and meets on a quarterly basis or more frequently as the business demands
- ✚ The Board sets the strategy and retains full responsibility for the direction and control of the Bank as spelled out in the Memorandum and Articles of Association, the Board Charter and the Corporate Governance guidelines
- ✚ The Board sub-committees have clear TORs which underscore the scope and context of their performance as approved by the Board & Corporate Governance regulation
- ✚ The Board receives detailed financial information and regular presentations from the management on the Bank's business performance; this enables the Directors to make informed decisions on governance, strategic, financials and operational issues.

STRATEGIC OUTLOOK

Strategic Outlook

Objectives

Strategies

Action

Outcomes

Customer growth in terms of current accounts – increase current accounts by 100,000 in 2014

Build a ubiquitous branch footprint throughout the country

Build sufficient channel capacity

Expand retail product offering

- ☒ Expand the branch network to 70+ branches by YE 2014
- ☒ Increase the number of ATMs, POS terminals and cards outstanding
- ☒ Build a modern and scalable mobile banking and Internet banking platforms
- ☒ Alternative client acquisition & service channels (retail chains, co-branded cards, utilities, etc)
- ☒ Flexible, offset, variable-rate, etc. mortgages
- ☒ Full range of consumer loan products
- ☒ Revolving credit cards
- ☒ Payroll & pension-backed loans & overdrafts
- ☒ Modern, multi-currency current accounts with debit cards
- ☒ Ubiquity of ATMs and POS terminals in urban centers and reasonable proximity elsewhere
- ☒ Payment & e-wallet solutions
- ☒ Full range of deposit products

- ☒ Benefit from first-mover advantage outside the capital city, making it more difficult for the competitors to follow suit
- ☒ Reach out to the unbanked (but bankable) population
- ☒ Become the bank of choice and convenience for the middle class and youth entering the employment sector
- ☒ Create capacity to service 500,000+ clients
- ☒ Maximize the product-to-client ratio
- ☒ “Grow with clients”
- ☒ Valuable source of retail clients through payroll programs
- ☒ Growth of loan book and F&C income

Healthy structure & growth of balance sheet >20% growth in 2014

Increase the loan to asset ratio to 60%

Increase retail loans penetration

Consolidate the leading position in corporate banking

Increase the maturity profile of liabilities

Create a universal banking platform

- ☒ Integrated client coverage
- ☒ Leverage the superior lending capacity
- ☒ Cross-selling opportunities
- ☒ Documentary operations & trade finance, FX, other solutions
- ☒ Rep offices in EAC from 2012
- ☒ Leverage the superior access to wholesale funding to complement the deposit funding base
- ☒ Private Banking, Securities, Insurance

- ☒ Diversification of funding base
- ☒ Expand the share of higher-margin lending
- ☒ Maximise the cross-sell opportunities
- ☒ Grow the share of retail in the loan book up to 30%-40% in the medium term
- ☒ Reduce maturity gap
- ☒ Enable further expansion of long-term lending
- ☒ Further diversification of revenue streams

Earnings growth ~22%
Return on Average Equity > 20%

Maintain profitable growth

- ☒ Continuous improvement of risk management policies & procedures
- ☒ Disciplined capital management, medium term target CAR of 15%-17% and ROAE of 20%+, implying ROAA in the 3.5% range

- ☒ No profitability sacrifices for the sake of market share gains
- ☒ Sensible dividend policy as the growth curve flattens out over time

Management Targets

Return on Average Equity

Branch expansion

Other Selected Management targets

- ☒ Grow net income by 20% Y-o-Y
- ☒ Grow total assets by 20% Y-o-Y
- ☒ Non funded income ratio - 40% of the total operating income
- ☒ Lower NPL ratio to less than or equal to 5%
- ☒ Increase number of retail current accounts by 100,000
