Overview:

Revenue for the year ended 31 December 2011 was Kshs1.2 billion, up 4.3%, with profits before tax up 87.4%, to Kshs214.9 million. Earnings before interest and taxes increased from Kshs83.5 million to Kshs189.5 million in the same period.

The increase in turnover was achieved in the face of logistical challenges, including congestion at Mombasa's port facilities, and persistent shortages of LPG in the domestic market. Focus on debtor and stock processes has resulted in a steady improvement in working capital management in this reporting period. In 2011, the ASU plant was also upgraded which has led to further efficiencies and improved product availability.

BOC Kenya maintained its ISO 9001:2000, ISO 14001:2004 and OHSAS 18001:2007 certifications.

Outlook:

The Board believes the restructuring actions started in 2010, as well as systems enhancements, continue to have a positive effect on the Company's performance.

Dividend:

The Board is pleased to declare a final dividend of Kshs 4.80 per share (2010: Kshs1.40) bringing the total dividend for the year to Kshs6.80 per share (2010: Kshs9.40). The final dividend will be paid net of withholding tax where applicable on or around 26 June 2012 to members on the register at the close of business on 31 May 2012.

The directors also announce that the Annual General Meeting of the Company will be held on 4 May 2012.
