Current liabilities	2,131,697	1,926,460
Total equity and liabilities	6,059,119	5,063,603

COMMENTARY

Revenues remained stable despite decline in world metal prices due to growth in sales volumes. However, net earnings declined as a result of change in business mix with focus on exports due to subdued activity in Q1. The market has since recovered and we expect positive growth to year end.
