NOTICE OF THE ANNUAL GENERAL MEETING

Notice is hereby given that the fifty seventh (57th) Annual General Meeting of the shareholders will be held via electronic communication on Tuesday, 31st May 2022 at 11.00 a.m. for the following purposes:

Ordinary business

1. To receive, consider and if approved, adopt the Group's audited financial statements for the year ended 31 December 2021, together with the Chairman's, Directors' and Auditor's reports thereon.
2. To approve the Directors' remuneration and the Directors' Remuneration Report for the year ended 31 December 2021.
3. The Board of Directors does not recommend payment of a dividend for the year ended 31 December 2021.
4. To elect Directors:
 - (i) In accordance with the Company's Articles of Association, Ms. Carole Kariuki retires by rotation and being eligible offers herself for re-election.
 - (ii) Pursuant to paragraph 2.5.1 of the Code of Corporate Governance Practices for Issuers of Securities to the Public 2015, to approve the continuation in office as a director of Mr. Michael G. Waweru who is above the age of seventy (70) years.
 - (iii) Pursuant to paragraph 2.5.1 of the Code of Corporate Governance Practices for Issuers of Securities to the Public 2015, to approve the continuation in office as a director, Mr. Peter T. Kanyago who is above the age of seventy (70) years.
5. Pursuant to the provisions of Section 769 of the Companies Act 2015, Mr. Julius Waita Mwatia, Mr. Peter T. Kanyago and Mr. Nganga Njiru (representing TransCentury PLC) being members of the Board Audit, Risk and Compliance Committee be re-elected to continue to serve as members of the said committee.
6. To approve the re-appointment of RSM Eastern Africa LLP as the auditor in accordance with section 721 (2) of the Companies' Act, 2015 and to authorise the Directors to fix their remuneration for the ensuing year in accordance with the provisions of Section 724 (1) of the Companies Act, 2015.
7. To transact any other business of which due notice has been given.

BY ORDER OF THE BOARD

Virginia Ndunge
Company Secretary
P.O. Box 18243 - 00500
Nairobi

Date: 22 April 2022

Notes accompanying this Notice of Annual General Meeting are contained in pages 2 to 4.

NOTICE OF THE ANNUAL GENERAL MEETING (CONTINUED)

Notes:

1. Any Member who is entitled to attend and vote at the Annual General Meeting is entitled to appoint a proxy to attend and vote on his behalf. Such proxy need not be a member of the Company.
2. Shareholders wishing to participate in the meeting should register for the AGM online at <https://digital.candrgroup.co.ke> or via a link to the AGM Platform that will be sent via SMS and Email or via USSD using short code number *483*058# across all Kenyan Networks and following the various prompts regarding the registration process. In order to complete the registration process, Shareholders will need to have their ID/Passport Number which were used to purchase their shares and their shares account number.
3. Registration for the AGM opens on 16th May 2022 at 08:00am and will close on 30th May 2022 at 12:00 Noon.
4. For assistance, Shareholders should dial the following helpline numbers: +254 20 7608216 from 8:00 a.m. to 4:00 p.m. during the registration Open Period. Any Shareholder outside Kenya should dial the helpline number to be assisted to register or send an email to digital@candrgroup.co.ke.
5. Shareholders can access the Virtual AGM using their log in credentials via a link to the AGM Platform to view the livestream, vote and submit questions. Shareholders without internet access can access the Virtual AGM and vote and submit questions using their log in credentials via USSD using short code number *483*058#
6. Shareholders wishing to raise any questions for the AGM may do so by:
 - (a) Accessing Virtual AGM online at <https://digital.candrgroup.co.ke> or via a link to the AGM Platform; Select Attend Event; Select "East African Cables Plc AGM"; Select "Q&A" option tab and submit questions in text box provided; or
 - (b) Accessing Virtual AGM via USSD platform using short code number *483*058#; Use the menu prompts to Select option for "Q&A" and submit their questions (within 160-character limit for SMS text); or questions (within 160 character limit for SMS text); or
 - (c) Sending their written questions by email to digital@candrgroup.co.ke; or
 - (d) To the extent possible, physically delivering their written questions with a return physical address or email address to the offices of Custody and Registrars Services Ltd, Company's Registrars, at IKM Place, Tower B, 1st Floor, 5th Ngong Avenue. Shareholders sending questions by email or delivering to C&R Group must provide their full details (full names, Shares Account Number/CDSC Account Number) when submitting their questions and clarifications. Also attach a copy of your ID/Passport.
7. Shareholders wishing to vote may do so by:
 - (a) Accessing Virtual AGM online at <https://digital.candrgroup.co.ke> or via a link to the AGM Platform; Select Attend Event; Select "East African Cables Plc AGM"; Select "Voting" option tab and vote; or
 - (b) Accessing Virtual AGM via USSD platform; Select the menu option for "Voting" and follow the various prompts regarding the voting process.
8. In accordance with Section 298(1) of the Companies Act, Shareholders entitled to attend and vote at the AGM are entitled to appoint a proxy to vote on their behalf. A proxy need not be a member of the Company.

A Proxy Form is available on the Company's website www.encables.com and on the last page of this Annual Report.

Physical copies of the Proxy Form are also available at the following address: Custody and Registrars Services offices, IKM Place, Tower B, 1st Floor, 5th Ngong Avenue. To be valid, the proxy form must be duly completed by the shareholder, or his attorney duly authorized in writing. If the shareholder is a body corporate, the instrument appointing the proxy shall be given under its common seal (if any) or under the hand of an officer or duly authorized attorney of such body corporate. A completed form of proxy should be emailed to proxy@candrgroup.co.ke in pdf format or delivered to Custody and Registrars Services, IKM Place, Tower B, 1st Floor, 5th Ngong Avenue Nairobi or be posted to Custody and Registrars Services, P.O. Box 8484-00100 Nairobi so as to reach the Registrar or the Company Secretary not later than 10.00 a.m. on 27th May, 2022. Duly completed form must be supported by a copy of ID/ valid Passport of the member and include the ID/Passport, email or telephone number of the proxy to facilitate registration. Any proxy registration that is rejected will be communicated to the shareholder concerned no later than 27th May 2022 at 3.00 pm to allow time to address any issues.

9. The AGM will be streamed live to all shareholders who will have registered to participate in the general meeting.
10. Duly registered shareholders and proxies will receive a short message service SMS/ and/or an email two hours ahead of the AGM, reminding duly registered shareholders and proxies that the AGM will begin in two hours' time and providing a link to the livestream.
11. Duly registered shareholders and proxies may vote (when prompted by the Chairman) via the USSD *483*058# or on the AGM Platform.
12. A poll shall be conducted for all the resolutions put forward in the notice.
13. Results of the AGM shall be published within 24 hours following conclusion of the AGM.
14. For any unclaimed dividends, the preferred method of paying dividends which are below KShs 140,000 is through M-PESA. Shareholders who wish to receive their dividend through M-PESA and who have not registered for this mode of payment can opt to receive future dividends by dialing *483*038# or contacting the Share Registrar, Custody & Registrars Services Limited.
15. All present and former shareholders of the Company are hereby notified that pursuant to the provisions of the Unclaimed Financial Assets Act No 40 of 2011 Parts II and III, dividends and shares which have not been claimed for a period of three (3) years or more will be delivered to the Unclaimed Financial Assets Authority ("the Authority") as abandoned assets on the appointed date.

Therefore, all shareholders with unpaid dividends are requested to urgently contact the Share Registrar, Custody & Registrars Services Limited to claim any unpaid dividends to avert the risk of the dividends being forwarded to the Authority.

EAST AFRICAN CABLES PLC

NOTICE OF THE ANNUAL GENERAL MEETING (CONTINUED)

Explanatory Notes to Resolutions proposed to be passed at the AGM to be held on 31 May 2022

ORDINARY BUSINESS

Agenda Item 1 - Report and Accounts 2021

Resolution 1: THAT the Report of the Directors and the Financial Statements for the year ended 31 December 2021, as audited by the Company's Auditor now submitted to this meeting be and are hereby approved and adopted.

The Report and Accounts for the year ended 31 December 2021 were approved by the Directors on 22 April 2022 and are presented for adoption by Shareholders.

Agenda Item 2 - Directors Remuneration and Remuneration Report

Resolution 2: THAT the Directors remuneration as stated in Note 24a) to this Annual Report and Financial Statements and the Remuneration Report set out from page 35 to 37, be and are hereby Approved.

Resolution 2 is an advisory vote to approve the Directors' remuneration as stated on Note 24 (a) to the Financial Statements and to approve the Director's Remuneration Report as prescribed by the Capital Markets Authority Code of Corporate Governance Practices for Issuers of Securities to the Public.

The Remuneration Report is set out from page 35 to 37 of this 2021 Annual Report and Financial Statements, which is also available on the Company's website www.eacables.com.

Agenda Item 3 - Dividend

Resolution 3: THAT the Board of Directors recommendation not to pay a dividend for the year ended 31 December 2021 be and is hereby approved.

Shareholders are requested to approve that no dividend will be paid for the year ended 31 December 2021.

Agenda Item 4 – Re-election of Directors

Resolution 4: THAT Ms. Carole Kariuki, be and is hereby re-elected a Director of the Company in accordance with Article 29 of the Articles of Association.

Ms. Carole Kariuki retires by rotation and offers herself for re-election in accordance with Article 29 of the Company's Articles of Association.

Resolution 5: THAT Mr. Michael G. Waweru and Mr. Peter T. Kanyago, be and are hereby re-elected as Directors of the Company in accordance with Article 29 of the Articles of Association.

Pursuant to paragraph 2.5.1 of the Code of Corporate Governance Practices for Issuers of Securities to the Public 2015, Mr. Michael G. Waweru and Mr. Peter T. Kanyago who are above the age of seventy (70) years, offer themselves for re-election to continue in office as directors of the Company.

In relation to the re-election of all the above named Non-Executive Directors, the Nominations and Governance Committee and the Board have determined that each of them continues to perform effectively and demonstrate commitment to their roles, and that they are all influential individuals in their respective fields and backgrounds. Their balance of knowledge and skills combined with their diversity and business experience, makes a major contribution to the proper functioning of the Board and its Committees. Detailed biographies of the Directors are set out on page 18 to 20 of this Annual Report and Financial Statements.

EAST AFRICAN CABLES PLC

ABOUT US

East Africa Cables Plc ("the Group") is a premier cable manufacturer in East and Central African region with three manufacturing facilities: two (2) in Nairobi and one (1) in Dar es Salaam, Tanzania. It is headquartered in Nairobi's Industrial area and is listed in the Nairobi Securities Exchange. The Group has over 57 years' experience making it the oldest and a pacesetter in cable manufacturing in the region.

The group supports the power eco-system from generation, transmission, distribution and last mile through provision of quality cables, conductors and related accessories.

Our products

The group has over the years invested in modern technology which has enabled it to offer safer, greener and high-quality electrical cables and conductors. Its diversified product range include Halogen free fire-retardant cables, Aerial bundled conductors and Cross-linked polyethylene (XLPE) insulated armoured cables in addition to the Polyvinyl Chloride (PVC) insulated cables and bare aluminium conductors. Aerial Bundled Conductors are revolutionary in sustaining our vegetation cover unlike the traditional bare conductors which require clearance of the vegetation along the service lines. The group provides vital support to power utilities, power infrastructure projects, industrial applications and domestic wiring including solar lighting. Other products include House Wiring copper cables, Flexible cables, Power and Control cables, Welding cables, submersible cables, Auto and Battery cables, Aluminium overhead conductors, and Super Enamelled Winding wire. The group adheres strictly to cable making standards to produce high quality cables.

We continue to respond to customer requirements and commit to continuously improve on our product offering, customer experience and be the supplier of choice for all cabling solutions.

Our diversified product range include: -

- a) House wiring cables;
- b) Flexible cables;
- c) Armoured (underground) cables;
- d) Power control cables;
- e) Auto and battery cables;
- f) Halogen free fire-retardant (HFFR) cables;
- g) Submersible cables;
- h) DC cables for data centres and solar lighting;
- i) Welding cables;
- j) Nose-bridge wire;
- k) Aerial bundled conductors (ABC);
- l) Cross-linked polyethylene (XLPE) insulated armoured cables;
- m) Bare / insulated and ACSR aluminium conductors;
- n) Data and telecommunication cables; and
- o) Electrical accessories.

EAST AFRICAN CABLES PLC

ABOUT US (CONTINUED)

Post year-end the Board and Management embarked on a strategy development exercise. The refreshed strategy aligns the business with the customer and changing market environment. It was deemed necessary to reconfigure the business mission, vision and core values as summarised below.

Our mission

Electricity is life. In providing quality, safe, and affordable electrical solutions, we endeavour to deliver our products in a manner that will consistently satisfy the needs of our diverse consumers. We will ensure that our daily tasks and operations carry the spirit reflected in our renewed mission statement:-

- *Connecting lives to improve quality of life*

Our vision

The integrity and safety of electrical cables and solutions are paramount to our customers. We continue to innovate and domesticate solutions aimed at addressing market needs, and new applications. We promise to work with our consumers in providing solutions that they require hence our renewed vision:-

- *To be the most innovative and trusted energy connectivity solution provider in the region*

Our core values

Our values are reflective of our character which makes us relevant and continue to grow, such as embracing new digital technologies and serving emerging markets. We will thus exist by the following core values which will be our uncompromisable rules of the game

- *Care in all our interactions.*
- *Integrity in all our dealings with stakeholders.*
- *Pioneering and Innovative - Pride in what we do as we continuously pursue operational excellence.*
- *Freedom with responsibility and accountability in all we do. We will deliver on our promises.*

Rallying call

This is a statement that will keep reminding us of who we are, where we are heading to and how we want to get there. We have coined our rallying call "*Our customer, my responsibility*" which will keep reminding us that we must both individually and collectively work determinedly to provide the best and fulfilling service to our customers.

EAST AFRICAN CABLES PLC

CHAIRMAN'S STATEMENT

I welcome you all our 57th Annual General Meeting and trust that you are all keeping safe and observing the government guidelines to protect yourselves and your loved ones from the Covid-19 pandemic.

At East African Cables Plc, we uphold our core values, one of which is, *Care in all our interactions*. This applies to safety in our workplaces, safety of all our products and in our supply chains. We believe that when we care for our people, business partners, stakeholders and environment, we make the world a better place for all of us.

I also take this early opportunity to inform you that our business has refreshed its strategy to align operations with customer needs and market trends. We have therefore re-defined our mission, vision, core values and rallying call as shown on page 8 of this report. These statements give us renewed focus in becoming a better organisation to deliver more value to our stakeholders and the world at large.

Our business environment

In the year under review, the Kenyan economy, grew by about 5.6% compared to a negative growth of 0.3% in 2020 (*Source: IMF data*). The rebound also created an impetus in the construction sector thereby creating demand for our products. The regional government's drive for universal electrification access, expanding middle class and need for quality life of the citizenry continues to spur demand in this region.

In our other regional markets, Tanzania economy recorded a slowdown recording a GDP growth of 4% in 2021 from 4.8% recorded in 2020 while Uganda's GDP grew by 4.7% compared to a reduction of 0.8% in 2020. However, with the effects of covid-19 easing, the region is expected grow at an average of above 5%. The entrant of Democratic Republic of Congo into the regional trading block is expected to ease trade and movement of goods into that country creating more opportunities for the business. Political stability in South Sudan and expansion into other markets like Mozambique is also expected to improve our performance.

However, base metal prices of copper and aluminium continued to rise making our products less affordable and making it easier for sub-standard products to penetrate. On this front, the business continues to partner with government agencies and Kenya Association of Manufacturers to crack down on illicit trade which not only denies the government vital tax revenue, but also endangers the lives of unsuspecting consumers who buy and install these substandard products.

Post year-end, the war in Ukraine and Russia has exacerbated the already high metal prices considering that Russia produces about 5% of the world supply of copper and aluminium raw materials. The business has put measures in its logistical plans to ensure that supply of key raw materials is not interrupted.

Going concern

The group and company continue to implement initiatives aimed at funding working capital from internally generated cashflows including collection of long outstanding receivables and sale of non-production assets. In 2021, KShs 158 million was collected from delinquent receivables and utilised in funding working capital while in 2022, KShs 200 million is targeted for collection. Sale of non-production assets is also projected to generate about KShs 460m. The sale of one these assets has been concluded with target completion of 31 December 2022 for the remaining assets.

Discussions with various financiers in Kenya and Tanzania to avail non-funded working lines are in place and significant progress has been made in this area. I take this opportunity to appreciate our lenders, suppliers and all other stakeholders for the support that they have accorded this business.

These measures together with what has been achieved to date are detailed in note 2(f), on pages 58 - 59 of these consolidated and separate financial statements.

Though a material uncertainty exists on the going concern of the business, these financial statements have been prepared on a going concern basis. In making this assessment, the Directors have considered a wide range of information relating to present and anticipated future conditions, including future projections of profitability, cashflows expected from sale of non-operating assets and availability of enhanced working capital to meet business requirements.

EAST AFRICAN CABLES PLC

CHAIRMAN'S STATEMENT (CONTINUED)

Financial performance

Group revenue grew by 3% supported by increased market drive, improvement in Tanzania operations and rising metal prices. Our cost containment measures anchored on Total Performance Management (TPM) programme continue to yield fruits improving our EBITDA by 117% to KShs 138 million from KShs 64 million recorded in 2020. Net loss after tax decreased by 60% to KShs 299.72 million from KShs 753.22 million recorded in 2020.

We remain focused on growing a strong order pipeline and improving contribution from our Tanzania subsidiary. Great strides have been made in this area including product and market channel innovations to drive growth.

Our business is on the right path to recovery, and I am confident that as we implement our refreshed strategy, the business will become profitable and give return to shareholders in the medium term.

Dividend

The business is still in a turn-around phase thus need to conserve any positive cashflows generated internally to fund operations. Consequently, the Board does not recommend payment of a dividend.

Corporate governance

In line with Capital Markets Authority guidelines on corporate governance, there was need to rotate the company auditor, KPMG Kenya, who have been in office beyond the prescribed nine(9) years. Upon agreement with the Board of Directors, KPMG Kenya, resigned from office effective 21 December 2021. The Board of Directors appointed RSM Eastern Africa LLP as the company auditor effective 4 January 2022 to fill in the casual vacancy until the upcoming Annual General Meeting. RSM is licensed by the Institute of Certified Public Accountants of Kenya (ICPAK) and has presence in over 120 countries across the world.

We welcome RSM Eastern African LLP and thank KPMG Kenya for the long-lasting partnership over the years.

2022 outlook

Over the last three years, the business has recorded consistent improvement in performance thereby reducing losses year on year. The traction gained is a result of a clear strategy that has focussed on growing order pipeline through concerted commercial activities, efficient and lean operations, product innovation and market diversification. The Board and Management have refreshed the business strategy to align with the customer, market and technology developments and are confident that with the increased demand of our products and the growing construction sector in the region, the business will achieve full profitability in the medium term.

We therefore look forward with optimism to achieving other milestones in our recovery journey.

Appreciation

I take this opportunity to express my sincere appreciation and gratitude to the Board, Management and staff for their commitment and dedication during the year, as well as to our strategic partners who continue to walk this journey with us.

MG Waweru FCCA, FCPA, CBS.
Chairman

Date: 22 April 2022

EAST AFRICAN CABLES PLC

BUSINESS REVIEW

Operating environment

The year under review was characterised by rising metal prices as well as weakening of the Kenya Shilling, impacting negatively on the cost of our primary raw materials and profit margins. Supply chain disruptions continue to persist due to post-Covid effects on sea freight, requiring more meticulous planning on raw materials to avoid stock-outs. However, our strategies on new market channels, new product offerings and target to individual home builders has sustained our year-on-year growth.

Our major business risks are:

(a) Volatility in prices of raw materials

On average, copper and aluminium raw material prices rose by 23% and 34% respectively in the year under review. Copper and aluminium raw material LME prices rose from USD 7,755 per MT and USD 2,018 per MT to USD 9,550 per MT and USD 2,695 per MT by end of the year. This required the Group and Company to increase prices of its products. Increased prices of raw materials not only squeeze working capital requirements, but they also require the management to maintain a delicate balance in inventory holding levels to mitigate risk especially when global metal prices drop suddenly.

(b) Foreign currency risk

Our primary raw materials are imported therefore purchases are dollar denominated while our large proportion of sales revenue is Kenya Shilling denominated. Significant fluctuations in the local currency against the United States Dollar poses a risk to our business. At the end of 2021, Kenya Shilling Exchange to USD was 113.14 compared to USD 109.17 at the beginning of the year, a depreciation of 4% making our raw materials more expensive. The business is striving to grow the export market while at the same time pricing big ticket orders in USD to hedge against exchange fluctuations. In the year,

(c) Illicit trade

Infiltration of counterfeits and substandard products not only pose a risk to the consumers, but they also erode the value of a successful brand. The Group and Company have partnered with key stakeholders in the government to curtail this trade. We laud the multi-agency team for their support on this front.

Tanzania operations

Our Tanzania subsidiary's performance improved significantly in the year following implementation of various interventions to revive the business. In the year under review, its revenue grew by 319% to KShs 230 million compared to KShs 55 million in 2020. Post year-end, significant strides have been made to improve the business, including order book generation and sourcing for working capital to sustain the growth in revenue and profitability.

EAST AFRICAN CABLES PLC

BUSINESS REVIEW (CONTINUED)

Safety

Care in all our interactions is one of our core values. The management has put in place a health and safety committee mandated to assess potential safety incidences, record safety incidences and near misses, recommend action, and ensure implementation of risk mitigation to avoid recurrence. Safety is key in our operations; therefore, we have intentionally set a goal of zero incidence for occupational and process safety, quality, environmental sustainability as well as health protection. Apart from monthly safety walks, the group and company conduct regular audits on safety, security, health, and environmental protection in order to monitor progress toward our goals. Risk-conscious working behaviour is emphasized and recognised. Safety briefings are conducted in all management meetings to make our operations safer and to sustain the culture of taking care of one another. All our employees and visitors to our factories are also equipped with appropriate protective gear.

Regrettably, in 2021, the company recorded 2 work related injury accidents (2020 – 3 cases). The group and company continue to implement a robust safety program to safeguard our employees and all stakeholders who interact with us.

Covid-19 mitigation

The Covid-19 pandemic is still a major concern globally. To protect our employees, customers, visitors, and other stakeholders who interact with us in the course of our business, we continue to implement the required measures as stipulated by the Ministry of Health.

These prevention measures include screening of temperature and other Covid-19 related symptoms at the entry of our premises, provision of handwashing and sanitization points, provision of masks to our employees, emphasis on social distancing including introduction of virtual meetings instead of in-person meetings and continuous awareness to stakeholders to keep safe. The health and safety committee also conducts assessments on a regular basis to ensure compliance and for continuous improvement.

Employee wellness

People are the most important resources we have. Due to lifestyle changes and related illnesses, we have put great emphasis on work life balance to maintain a healthy workforce. Various programs are provided to staff including annual health checks, advice on stress management, cancer, and diabetes awareness, managing hypertension, counselling sessions and financial guidance workshops. We put great emphasis on staff overall wellness to ensure healthy workforce that is effective both at work and home. In the year, most of the workshops were held virtually and relevant reading materials distributed to staff.

Operational excellence

We remain focused on ensuring timely delivery of our quality products to our customers. In 2017, the Group introduced Total Performance Management (TPM) program to compliment the modernised production facility. TPM is a set of toolkit to put in place and sustain high performance in the work area. It aims, through people, to eliminate loss and waste in order to improve performance. Continued and scheduled trainings have resulted to significant improvement in operations through waste and loss eliminations, machine efficiency, safety, team cohesion among others. Efficiency improvement has significantly reduced power losses, scrap and other forms of waste and losses which are a cost and also detrimental to our environment.

EAST AFRICAN CABLES PLC

BUSINESS REVIEW (CONTINUED)

Supporting the youth

On job creation, the company operates an internship program which allows the youth to acquire hands-on experience. These programs aim to offer college students practical experience in engineering, procurement, finance, stores management and human resource management preparing them for their future careers and providing them with an opportunity to experiment their ideas for the betterment of the society.

The group and company continue to support the *fundi club* which comprise of EPRA (Energy and Petroleum Regulatory Authority) licensed electricians. We value the importance of having well rounded partners to not only provide key technical advice to our customers, but also to run profitable businesses.

In line with the Government's quest to create an enabling environment to the youth and special groups including women and people with disability, the company supports these groups to participate in tenders for local utilities and government institutions.

Impacting communities

Despite the challenges facing the business, we have remained a responsible citizen and contributed proportionately to improve the communities we live in. During the year, the company supported By Grace Children's home of Kayole in provision of foodstuffs and other requirements.

The company has also partnered with Kenya Forestry Research Institute (KEFRI) to make our country greener by donating and planting over 5,000 tree seedlings in our local communities.

Business performance

In the year under review, the Group recorded a 3% increase in revenue supported by new products, new market channels and individual home builders. We continue to focus on product innovation, value-added products, and cost management through implementation of Total Performance Management (TPM) to sustain the growth momentum.

While major improvements in volume and revenue were recorded in the year, the performance was below break-even level. The Group and Company therefore, recorded a loss of KShs 299.72 million and KShs 249.70 million respectively compared to a loss of KShs 753.22 million and KShs 330.59 million recorded in 2020.

EAST AFRICAN CABLES PLC

FIVE-YEAR COMPARATIVE GROUP RESULTS

Outlook for 2022

Our business remains resilient, and the board and management have no doubt that continued implementation of the turn-around measures will yield positive results. Despite the rise in metal prices and depreciation of local currency making electrical cables more expensive, construction sector in the region continue to expand creating more opportunities for our business. Innovation in new products and new market channels have created a new impetus on revenue generation despite low off-take of aluminium products by regional utilities. The business has embarked on revenue generation activities and is confident to sustain the growth trajectory.

EAST AFRICAN CABLES PLC

SUSTAINABILITY REPORT

The group and company, as a responsible corporate has made commitment to implement universal sustainability development goals and to make the world a better place for all. This is done through alignment of strategies and operations with universal principals on human rights, labour, environment, and anti-corruption, and take actions that advance societal development.

East African Cables Plc has committed to 9 of the 17 SDGs. These goals are highlighted below including how the group is working to achieve them.

Goal 1. End poverty in all its forms everywhere

Despite minimal impact to the global problem, the Group has committed to do what it can to help needy communities. To this end, the company adopted By Grace Children's Home in Kayole, Nairobi where it provides foodstuffs and other basic needs every month. This home does not have any source of income, yet it has taken up a critical role of providing food, shelter, and education to vulnerable children in our community.

Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture

The company has developed submersible cables for use in irrigation to boost food production and DC cables used in solar lighting. These products go a long way in securing sustainable food production even in arid and semi-arid areas.

EAST AFRICAN CABLES PLC

SUSTAINABILITY REPORT (CONTINUED)

Goal 3. Ensure healthy lives and promote well-being for all at all ages

Care in all our interactions is one of our core values. The management has put in place a committee whose mandate is to assess potential incidences related to safety, making recommendations on how such risks can be mitigated and ensuring implementation of those recommendations. We believe that everyone possesses a fundamental human right to safety and it is our duty to respect and foster that right.

Risk-conscious working behaviour is emphasized and recognised. Based on our corporate values, leaders serve as safety role models for our employees. Safety briefings are conducted in all management meetings to make our operations safer and to sustain the culture of taking care of one another. All our employees and visitors to our factories are also equipped with proper protective gear.

The company also takes extreme caution in disposal of waste generated from its production process. Disposal of effluents is undertaken by certified handlers to avoid water and soil pollution which may be hazardous to humans and environment.

Goal 6. Ensure availability and sustainable management of water and sanitation for all

Our manufacturing operations have been improved to reduce the amount of water consumed during production of cables. This water is used in cooling extruded insulation and sheathing material. The cooling system is a closed circuit with no spillage and minimal evaporation. The company has also installed a purification system for water consumed by staff within the facilities to minimise use of bottled water which has been a major source of plastic pollution.

Our measure of water consumption is cubic meters used per tonne of production. We aim to reduce consumption of water as we increase production tonnage. Below is a four-year trend.

Goal 7. Ensure access to affordable, reliable, sustainable, and modern energy for all

The company actively participates in the supply of cables to regional government utilities in support of electrification. Recent innovations by the company include Aerial Bundled Conductors (ABC) which are more efficient in power distribution, Halogen Free Fire-Retardant Cables for use in high density buildings, Solar lighting cables for harnessing renewable energy and Submersible Cables for irrigation and horticulture management.

EAST AFRICAN CABLES PLC

SUSTAINABILITY REPORT (CONTINUED)

Goal 7. Ensure access to affordable, reliable, sustainable, and modern energy for all (Continued)

Our machinery run on national grid-power, and this contributes to a significant portion of our factory overheads. The company has integrated Total Performance Management (TPM) in its operations and strives to continually maintain power consumption within industry average. Below is our trend for the last four years.

Goal 8. Promote sustained, inclusive, and sustainable economic growth, and decent work for all

The company protects labor rights and promotes safe and secure working environments for all workers and complies with governing labour laws. Unionisable workers have freedom of association and collective bargaining through their union. The company ensures personal safety of employees at the workplace as evidenced by zero fatal or serious injuries and only two minor injuries per year over the last three years.

The company maintains active continuous education program for employees, including collaborating with external parties to embrace safety in all areas of our operations. Some of the trainings undertaken in the year are shown below.

- i. Mental health training
- ii. Occupational health and safety
- iii. Leadership programs
- iv. Cyber Security awareness programs
- v. Sexual harassment awareness
- vi. Safety, health and environment program
- vii. Strategy formulation and execution program

On job creation, the company operates an internship program which allows the youth to acquire hands-on experience in the areas of their profession. These programs aim to offer college students practical experience in engineering, procurement, finance, stores management and human resource management preparing them for their future careers and providing them with an opportunity to experiment their ideas for the betterment of the society.

The group and company continue to support the *fundi club* which comprise of EPRA (Energy & Petroleum Regulatory Authority) licensed electricians. We value the importance of having well rounded partners to not only provide key technical advice to our customers, but also to run profitable businesses. In line with the Government's quest to create an enabling environment to the youth and special groups including women and people with disability, the company supports these groups to participate in tenders for local utilities and government institutions.

EAST AFRICAN CABLES PLC

SUSTAINABILITY REPORT (CONTINUED)

Goal 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

To promote sustainability in our operations, the group and company embraced Total Performance Management (TPM). TPM is a set of toolkit to put in place and sustain high performance in the work area. It aims, through people, to eliminate loss and waste and to improve performance. Continued and scheduled trainings have resulted to significant improvement in operations through waste and loss eliminations, machine efficiency, safety, team cohesion, among others. Efficiency improvement has significantly reduced power losses, scrap and other wastes which are detrimental to our environment.

These activities have contributed to lower costs of operations like power usage, water consumption (as shown above) among other costs. One such cost is maintenance of our equipment which is measured is per tonnage produced.

Goal 12. Ensure sustainable consumption and production patterns

One of the pillars of this goal is sustainable use of natural resources. By substantially reducing waste generation through, reduction, recycling and reuse of raw material and wooden drums the group and company has maintained average scrap produced to global benchmarks. The group and company also commissioned usage of metal drums / bobbins in its production processes to reduce the usage of wooden drums thereby conserving trees and forests.

In partnership with Kenya Forest Service (KEFRI), the company has donated and helped to plant over 5,000 seedlings in the last one year. It has also started a tree nursery towards expanding this initiative.

EAST AFRICAN CABLES PLC

SUSTAINABILITY REPORT (CONTINUED)

The group and company have also been on the forefront in campaign to utility companies to adopt Aerial Bundled Conductors in power distribution. The conductors can be used in forested areas thereby conserving vegetation which would otherwise be cleared to pave way for conventional power lines.

Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

East African Cables Plc has a manufacturing plant in one other East African country and works closely with partners to establish presence in the other Eastern African Countries. We share human capital to develop expertise in areas such as production, market development and organizational management.

EAST AFRICAN CABLES PLC

BOARD OF DIRECTORS

Michael G. Waweru, FCCA, FCPA, CBS – Chairman (71)
Non-Executive Director
Kenyan

M.G. Waweru is a graduate of the University of Nairobi where he attained his Bachelor of Commerce Honours Degree. He also holds an MBA degree from the Strathmore Business School. He is a Fellow of the Association of Chartered Certified Accountants (FCCA), Institute of Certified Public Accountants of Kenya (FCPA) and a member of the Institute of Directors. An accountant by profession, Mr Waweru was Managing Partner of Ernst & Young East Africa until 2002. In March 2003, he was appointed to the position of Commissioner General, Kenya Revenue Authority, where he served for 9 years up to February 2012. During the period 2003 to 2006, Mr Waweru was President of the Commonwealth Association of Tax Administrators (CATA), which brings together Revenue Administrations in the Commonwealth. He has also served as Chairman of Institute of Certified Public Accountants of Kenya (ICPAK) and is currently the Chairman of Zamara Group (formerly Alexander Forbes) and KCA University Board of Trustees. Prior to joining EACTz, he was MPC Technical Sales Manager, East Africa, for Akzo Nobel / Sadolin Paints, based in Tanzania.

EAST AFRICAN CABLES PLC

GOVERNANCE AUDIT

The Code of Corporate Governance Practices for Issuers of Securities in Kenya, 2015 (“the Code”), sets out the principles and specific recommendations on structures and processes, which companies should adopt in making good Corporate Governance an integral part of their business dealings and culture. The Code further specifically requires listed companies to engage the services of an independent and accredited Governance Auditor to establish the extent to which the Board and the Company have applied Corporate Governance principles.

The Annual Governance Audit should be conducted by a competent and recognized professional accredited for that purpose by the Institute of Certified Secretaries (ICS).

In line with Capital Markets Authority guidelines on corporate governance, the company conducts governance audits every two years. Having undertaken this audit in 2021, the next audit is due in 2023.

LEGAL AND COMPLIANCE AUDIT

East African Cables PLC (“the Company” or “EAC”), a publicly listed entity on the Nairobi Securities Exchange, is regulated under the Capital Markets Act by the Capital Markets Authority. The Company’s Board is responsible for establishment of internal procedures and monitoring systems to promote compliance with applicable laws, regulations and standards. The Board is also responsible for ensuring that the compliance strategy is aligned to the operations of the Company.

Legal and compliance audit is based on Clause 2.10.3 of the Code of Corporate Governance to Issuers of Securities to the Public, 2015. The code requires public companies to carry out independent legal and compliance audit bi-annually. Having undertaken this audit in 2021, the next audit is due in 2023. The Board and management wish to report that the recommendations of the previous year’s audit are under implementation. It is projected that these will be fully implemented by the time of the next audit.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT

The Board of East African Cables PLC recognizes the importance of corporate governance and as such it carries out its mandate with honesty, openness and integrity and is committed to applying and enforcing relevant corporate governance principles, policies and practices within the Group. The board is committed to the principles of accountability, compliance with the law and to the provision of relevant and meaningful reporting to all stakeholders.

The Company has endeavoured to adhere to its obligations as a public listed entity in Kenya in compliance with the Capital Markets Authority (CMA) Code of Corporate Governance practices for Issuers of Securities to the Public 2015. The company also adheres to other regulations promulgated by the CMA, Nairobi Securities Exchange, the Constitution of Kenya and all other laws as a law-abiding citizen.

Board Charter

The Board Charter is critical to the company's governance framework, and offers guidance on matters including but not limited to the following:

- The separation of the roles, functions, responsibilities and powers of the board and its individual members;
- Powers delegated to the board committees;
- Matters reserved for final decision-making and approval by the board;
- Policies and practices of the board on matters of corporate governance, directors' declarations, and conflict of interest, conduct of board and board committee meetings; and
- Nomination, appointment, induction, ongoing training and performance evaluation of the board and its committees.

The Board charter can be viewed on or downloaded from the company's website www.eacables.co.ke

The Role of the Board

The primary role of the Board is to guide the company towards sustainable long-term success through the exercise of objective and informed judgement in determining the strategy of the company, having the best team in place to execute that strategy, monitoring business performance and maintaining an effective framework of controls to mitigate risks facing the business.

The Board ensures that Management achieves the right balance between promoting long-term growth and delivering short-term objectives. The existing corporate governance framework embeds the right culture, values and behaviours throughout the Group and supports the Board's role in determining strategic objectives and policies.

The key responsibilities of the Board include:

- To review and approve strategic, business and capital plans for the Company and monitor the Company's human, technology and capital resources, the constraints on implementing such plans and management's execution of such plans.
- To review the principal risks of the Company's business and monitor the implementation by management of appropriate systems to manage such risks.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

The Role of the Board (Continued)

- To review at every meeting recent development that may impact the Company's growth strategy.
- Ensuring specific and relevant corporate measurement systems are developed and adequate internal controls and management information systems are in place with regard to business performance and the integrity thereof.
- Reviewing and approving corporate governance guidelines applicable to the Company and in accordance with statutory and regulatory requirements. To develop and implement programs for management and Board succession planning. Looking at the size and composition of the Board, compensation of directors, assessment of the performance of the Board, its committees and Directors and approval of appropriate policies and procedures.
- To monitor the practices of board and management to ensure appropriate, fair and timely communication of information concerning the Company.

Board size, composition and appointments

The Board is comprised of seven (7) Non-Executive Directors including the Chairman, and one (1) Executive Director. Out of the seven Non-Executive Directors, three are independent. The directors' biographies appear on pages 20 to 22. All non-executive directors are independent of management and have diverse skills, experience and competencies appropriate for effective management of the company's business.

The non-executive directors are subject to periodic re-appointment in accordance with company's Articles of Association which requires that one third of the longest serving directors (since their last election) retire by rotation every year and if eligible their names are submitted for re-election at the Annual General Meeting.

An age limit of seventy (70) years is recommended for directors serving in the Board. However, the Board can recommend for re-election, a director who is above this age based on his/her expertise and competencies. Such a director is required to retire at every Annual General Meeting for re-election.

The Board is responsible for recommending Non-Executive Directors for election by shareholders at the Annual General Meeting. Nominated directors undergo a formal screening process conducted by the Nominations and Remuneration Committee of the Board before they are formally appointed. Between Annual General Meetings, the Board may appoint directors to serve until the next AGM. Any such appointment of Non-Executive Directors must be ratified by the shareholders at the next AGM following their appointment.

How the Board works

The board is solely responsible for its agenda. However, it is the responsibility of the Chairman and the Company Secretary, working closely with the Chief Executive Officer, to come up with the annual Board work plan and an agenda for the board meetings.

The board meets on a quarterly basis as scheduled during the year, with additional meetings when necessary. Members of the Board are expected to attend all Board meetings. The directors are given appropriate and timely information so that they can maintain full and effective control over strategic, financial, operational and compliance issues. Except for the direction and guidance on general policy, the board has delegated authority for conduct of day-to-day business to the Managing Director / Chief Executive Officer. The Board nonetheless retains responsibility in maintaining the company's overall internal control on financial, operational and compliance issues.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

How the Board works (continued)

The senior leadership team members may be invited to attend the board meetings if deemed necessary. Where directors are unable to attend a meeting, they are advised on the matters to be discussed and given an opportunity to make their views known to the Chairman prior to the meeting.

Directors are also invited to attend the senior leadership's strategic, and operations review meetings to gain further insights into different aspects of the business.

A summary of the board meetings and attendance is shown below:

	Member	Designation	Attendance
1	MG Waweru	Chairman	3/3
2	PT Kanyago	Member	3/3
3	D Awori	Member	3/3
4	C Kariuki	Member	3/3
5	J Mwatu	Member	3/3
6	Transcentury PLC (Represented by N Njiru)	Member	3/3
7	Cable Holdings (K) Limited (Represented by W. Muchemi)	Member	3/3
8	P Muigai	Chief Executive Officer	3/3
9	V Ndunge	Company Secretary	3/3

Separation of the role of Board Chairman and the Chief Executive Officer

The role of the Chairman and Chief Executive Officer are separate and established with clear division of responsibilities and delegated authority.

The Board Chairman provides leadership to the Board in ensuring the directors' focus in providing oversight and clear vision to the Group and Company, enhancing shareholder value, ensuring stakeholders engagement, ensuring effective operations of the Board, establishing the Board agenda for Board meetings, and making certain that the Board has all the necessary information for effective decision making. The Board Chairman is also charged with the responsibility of ensuring that the Board is well established in line with the pre-requisite skills, knowledge, and experience. Acting as a spokesman, the Board Chairman communicates and consults with shareholders and relevant stakeholders on significant issues, as appropriate. It is the role of the Board Chairman to ensure effectiveness and development of the Board and individual directors to enable them to discharge their duties effectively.

The Chief Executive Officer on the other hand is responsible for the day-to-day management of the business, in line with the Group's and Company's strategy and long-term objectives approved by the Board. He provides strategic advice and guidance to the Board and appraises them of any changes relevant to the industry. He is charged with the responsibility of preparing and monitoring business plans, directing and controlling the work and resources of the Group and Company, ensuring recruitment and retention of the required numbers and types of well-motivated, trained and developed staff to ensure the Group and Company meets its vision, mission and objectives.

The role of Company Secretary

The Company Secretary directs, controls and provides effective and efficient advice to the Board and Management to protect the Group and Company's interests. The Secretary is also charged with the responsibility of co-ordinating all Board and Board Committee meetings, ensuring that they are properly organized and conducted and implemented in compliance the Company's Memorandum and Articles of Association and its statutory obligations.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Board and directors' effectiveness

Board effectiveness in its oversight and leadership role is enhanced by a robust support system. This is facilitated through the following:

Nomination

There is a formal screening process conducted by the Nominations and Remuneration Committee before a nominee is appointed as a Director. The process aims at ensuring that the nominees have the requisite capabilities to carry out their responsibilities.

Non-executive directors are appointed to serve the Company for a period of three years. Subsequent re-appointment is subject to recommendation by the Board. In accordance with the company's Articles of Association, non-executive directors are subject to periodic re-appointment. The Articles of Association require that one third of the longest serving directors (since their last election) retire by rotation every year and if eligible their names are submitted for re-election at the Annual General Meeting.

At this year's AGM, the company will submit all eligible directors for re-election.

Board tenure

Each Non-Executive Director serves the Board for a term of three years which is renewable. In accordance with the company's Articles of Association, non-executive directors are subject to periodic re-appointment. However, one-third of the Non-Executive Directors are required to resign at each AGM and may offer themselves for re-appointment to continue serving the Board.

No director is entitled to any compensation upon the termination or end of their tenure as a member of the board.

The details of the tenure of the current Non-Executive Directors is provided in the table below:

Name	Date of Appointment	Date of retirement
MG Waweru	6th August 2012	To retire by rotation - Reappointment by a special notice in 2022 AGM (Over 70 yrs.)
D Awori	1st July 2013	To retire by rotation in 2024 AGM
PT Kanyago	12th March 2004	To retire by rotation - Reappointment by a special notice in 2022 AGM (Over 70 yrs.)
TransCentury PLC represented by N Njiinu	12th March 2004	To retire by rotation in 2023 AGM
Cable Holdings (K) Limited represented by W Muchemi	28th August 2018	To retire by rotation in 2024 AGM
Carol Kariuki	15th March 2019	To retire by rotation in 2022 AGM
Julius Mwatu	24th November 2020	To be re-appointed in 2023 AGM

The Governance and Nominations Committee of the Board is responsible for setting and administering the Non-Executive Directors policy.

Board induction

On appointment to the Board, all directors receive induction which is tailored to their individual requirements. The program is designed to provide the director with an understanding of how the company works, the business environment, opportunities, and key challenges. It also gives the director an overview of the regulatory environment the business operates in.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Training and development

In order to contribute effectively to the Board, directors are encouraged to continually update their skills and knowledge of the business. Directors are also provided with the opportunity to take part in training and development. This is provided for in the board charter.

Evaluation

In line with the provisions of the Code of Corporate Governance Practices for Issuers of Securities to the Public 2015, the Board undertook an evaluation of its performance as an entity, its committees, the chairman, the Chief Executive Officer, the Company Secretary and each individual director.

Conflict of interest

Any conflict of interest or apparent conflict of interest between the Company and its Directors is avoided. Directors are required to declare any potential or actual conflicts of interest that could interfere with their ability to act in the best interests of the company. Any circumstances which may give rise to actual or potential conflicts of interest are disclosed to the Board upon appointment and subsequent changes highlighted as they arise. Directors are given an opportunity in every board meeting, to declare an actual or potential conflict of interest with their role as directors and records kept. During the year, no conflict of interest was declared by any director.

Board remuneration

The Board has delegated responsibility for the consideration and approval of the remuneration arrangements of the Chairman, Directors and senior management to the Nominations and Remuneration Committee. Non-executive directors are paid a sitting allowance for every meeting attended in addition to a quarterly retainer fee.

Details of the fees paid to directors in the financial year under review are set out in the directors' remuneration report on page 35-37.

Communication with shareholders

The Board is committed to ensuring that shareholders, regulators, and the financial markets are provided with full and timely information about its performance. This is achieved through:

- i. Interim and annual results publications of extracts of East African Cables Plc financial performance in the daily newspapers.
- ii. The company holds Annual General Meeting to discuss full year performance with shareholders. Copies of the annual reports are made available to shareholders at least 21 days before the date of the AGM. The AGM provides a useful opportunity to the board and management to engage with shareholders on key issues facing the company.
- iii. Interactive website containing all new and relevant information relating to the company.

In this regard, the company complies with the obligations contained in the Nairobi Securities Exchange's Listing Rules, the Capital Markets Authority Act and the Kenyan Companies Act.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Directors' loans

There were no loans made to the directors at any time during the year by virtue of their position in the group and company.

Risk management and controls

The board recognises that risk management is an integral part of creating value. The board has put in place processes for identifying, assessing, and proactively managing risks to ensure that the Group's business objectives are achieved. The group and company have a fully-fledged Internal Audit function led by the parent company, Transcentury PLC. The function reports to the Audit, Risk and Compliance Committee of the Board.

The board recognizes that managing risk to ensure optimal mix between risk and return is an integral part of achieving corporate goals. It is responsible for determining the nature and extent of the significant risks that the Group is willing to take to achieve its strategic objectives. It is also responsible for maintaining sound risk management and internal control systems. With the support of the Audit, Risk and Compliance Committee, the board has put in place processes for identifying, assessing, managing, and monitoring risks to ensure that the risk of failure to achieve business objectives is mitigated. The group and company have defined procedures and financial controls to ensure the reporting of complete and accurate accounting information. These cover systems for obtaining authority for major transactions and for ensuring compliance with the laws and regulations that have significant financial implications. Procedures are also in place to ensure that assets are subject to proper physical controls and that the organization remains structured to ensure appropriate segregation of duties. These processes are reviewed by the Internal Auditor who reports directly to the Audit, Risk and Compliance Committee of the Board.

A comprehensive management accounting system is also in place providing financial and operational performance measurement indicators. Regular senior management meetings are held to monitor performance and to agree on measures for improvement.

Financial and Business reporting

The group and company continue to adopt the presentation and disclosure requirements of the International Financial Reporting Standards (IFRSs), The Kenya Companies Act, 2015 and other regulatory requirements. Changes and developments in the standards and other regulations within the financial period under review have been complied with.

The board confirms that the financial statements are prepared on a going concern basis and is satisfied that the group and company have adequate resources to continue in business for the foreseeable future.

In making this assessment, the directors consider a wide range of information relating to present and anticipated future conditions including future projections of profitability, cash flows, capital and other resources. We draw your attention to note 2(f) on pages 58 to 59 detailing measures undertaken by the board and management to turnaround the business back to profitability.

Committees of the Board

The board has five standing committees namely: The Audit, Risk and Compliance Committee, Nominations and Governance Committee, Human Resources and Remuneration Committee, Commercial Committee, and the Strategy Committee. These committees meet regularly under the terms of reference set by the board.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Audit, Risk and Compliance Committee

Membership

The Audit, Risk and Compliance committee consists of four (4) non-executive directors and reports to the board after every committee meeting. It meets quarterly or as required.

The committee met four times in the year. Attendance included internal and external auditors, as well as permanent invitees from management. Members of this committee, together with a record of their attendance at scheduled meetings during the year are set out in the table below.

	Member	Designation	Attendance
1	Julius W. Mwatu	Committee chair	4/4
2	PT Kanyago	Member	4/4
3	Transcentury PLC (Represented by N. Njiinu)	Member	4/4
4	Cable Holdings (K) Limited (Represented by Kamal Palan)	Member	3/4
5	P Muigai	Member	4/4
6	V Ndunge	Company Secretary	4/4

Functions of the Audit, Risk and Compliance committee

To fulfil its oversight responsibility, the Audit Committee receives reports from management, the internal auditors, external auditors, or any independent consultant it may have engaged during the year.

The committee's responsibilities include:

- Risk management, internal controls, and regulatory compliance. Review and assess the company's risk management process and the adequacy of the overall control environment.
- Consider the adequacy and scope of internal and external audit, monitor their effectiveness, and ensure implementation of audit recommendations,
- Ensuring integrity of financial information and communication to shareholders. Review financial statements and recommend their approval to the board of directors.
- Reviewing annual budgets.

The audit, risk and compliance committee is comprised of members who are well experienced in financial matters including reporting and risk management.

Governance and Nominations Committee

Membership

This committee consists of three non-executive directors and reports to the board after every committee meeting. It meets quarterly or as required.

The committee met twice in the year. Members of the committee, together with a record of their attendance at scheduled meetings during the year are set out in the table below.

	Member	Designation	Attendance
1	MG Waweru	Committee chair	2/2
2	DN Awori	Member	2/2
3	Transcentury PLC (Represented by N. Njiinu)	Member	2/2
4	P Muigai	Member	2/2

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Governance and Nominations Committee (Continued)

Functions of the Governance and Nominations committee

This committee is mandated to review the balance and effectiveness of the board, remuneration of directors as well as the succession planning of the board members. It also has oversight on the adherence and compliance by the company to its code of ethics and to the principles and requirements of good corporate governance.

The purpose of the committee is to assist the board by:

- Monitoring the size and composition of the board and its succession plans,
- Recommending individuals for nominations as members of the board and its committees,
- Proposing remuneration structures of executive and non-executive members of the board,
- Evaluating the effectiveness of the Board and its committees and the effectiveness of the Directors in the discharge of their responsibilities; and
- Monitoring compliance to code of ethics and regulatory requirements.

Human Resource and Remuneration Committee

Membership

This committee consists of three non-executive directors and reports to the board after every committee meeting. It meets quarterly or as required.

The committee met twice in the year. Members of the committee, together with a record of their attendance at scheduled meetings during the year are set out in the table below.

	Member	Designation	Attendance
1	D Awori	Committee chair	2/2
2	MG Waweru	Member	2/2
3	Transcentury PLC (Represented by N. Njiiru)	Member	2/2
4	P Muigai	Member	2/2

Functions of the Human Resource and Remuneration committee

This committee is charged with the oversight of establishment, maintenance and administration of the Group and Company's compensation programs, including reviewing and approving the Chief Executive Officer's and other management compensation reviews. The committee also advises the Board on the development of and succession of key executives.

Strategy Committee

Membership

This committee consists of all directors and reports to the board after every committee meeting. It meets quarterly or as required.

The committee did not meet in the year.

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Strategy Committee (continued)

Functions of the strategy committee

The main responsibility of the committee is to chart the strategy of the Group and to oversee implementation of strategic decisions of the board which include product and or geographical diversification, strategic partnerships and also review proposals involving capital expenditure.

Special Committees

The board is authorised by the Company's Articles of Association to form ad hoc or special committees to deal with specific matters for a defined term period. The board retains oversight over such committees.

One such committee is the Commercial Committee. This committee is mandated to evaluate the Group's route to market, customer service and regional diversification. It also evaluates regional market data and advises the board on the overall market strategy.

The membership of this committee comprises of two non-executive directors and the Managing Director/Chief executive Officer while all the senior managers are also invited. The committee did not meet in the year.

The Chief Executive Officer is a member of all committees while senior managers are invited to the relevant committees.

Employment equity

The Group is committed to the creation of an organization that supports equality of all employees and is committed to elimination of any form of discrimination in the workplace. Our practice is to comply with all laws prohibiting discrimination.

Ethics and code of conduct

The directors attach great importance to the need to conduct the business and operations of the company with integrity and in accordance with good corporate governance practices. The company adopts the best principles of good corporate culture that requires the directors and all employees to maintain the highest personal and ethical standards and to act in good faith and in the interest of the company. The company has developed and implemented a code of conduct that sets out guidelines and rules, which are based on good governance principles of:

- Full compliance with the law
- Application of best accounting practices
- Safety of all stakeholders
- Product quality and customer focus
- Care of our environment
- Application of best business practices
- Fair competition

EAST AFRICAN CABLES PLC

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Whistle blowing policy

East African Cables PLC has set high standards for its operations to ensure integrity and quality delivery. Employees are often the first to realize that there may be something seriously wrong within the organization. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the company. They may also fear harassment or victimization. The company has developed a whistle blowing policy to encourage and provides channels for employees to report exceptional incidences without fear of victimization, discrimination, or disadvantage.

Reportable misconducts and potential irregularities under the policy include all forms of financial malpractices, non-compliance with regulations, criminal activities, improper conduct or unethical behaviours, corporate governance breaches, non-disclosure of interests, sexual and physical abuse of staff and other stakeholders among other vices.

The policy provides clear reporting mechanism through telephone and dedicated email address with assurance of anonymity for whistle-blowers. The staff have also been sensitized through training on reportable incidences, how to make the reports and assurance of confidentiality to providers of information. All reported incidences are directed to individual or teams appropriate to handle the matters reported for further investigation and action.

The board has also maintained an open-door policy allowing for easy escalation of issues. Staff members are regularly sensitised on the need to report any suspected unethical business practices.

EAST AFRICAN CABLES PLC

DIRECTORS REMUNERATION REPORT **FOR THE YEAR ENDED 31 DECEMBER 2021**

INFORMATION NOT SUBJECT TO AUDIT

Information not subject to audit comprise the Company's policy on director's remuneration, Contract of service of directors, Statement of voting at general meeting on directors' remuneration and any substantial changes to the director's remuneration during the year.

(a) Non-Executive Directors' remuneration policy

The fees for Non-Executive Directors are set at a level which is considered appropriate to attract individuals with the necessary experience and ability to oversee the business. The amount of fees reflects the attached responsibility and time commitment. Additional fees are paid for further responsibilities such as chairing committees and sitting on appointed board committees. The value of benefits provided is reasonable in the market context and takes into account the individual circumstances and benefits provided in comparable roles for companies within the industry.

(b) Executive Director's remuneration policy

Executive directors are remunerated in accordance with the staff remuneration policy. Their remuneration package comprises of a basic pay, pension and other and other benefits designed to recognize the contribution, skills and experience.

The Executive Director is entitled to the following remuneration:

1. Consolidated basic pay

This is the consolidated base salary paid to the Executive Director.

2. Allowances

Allowances paid include a house allowance and a telephone allowance.

3. Bonus

The Executive Director is entitled to a performance-based bonus pay. The bonus is paid based on the performance of the business and on existing bonus policy.

4. Pension contribution

On a monthly basis, the business contributes 10.75% of basic pay towards pension of the Executive Director.

5. Club membership

The Executive Director is entitled to paid membership to a social or fitness club.

6. Medical insurance cover

As per Group and Company's Human Resources policy, the Executive Director, like other employees, is entitled to medical insurance cover for their individual and family medical requirements covering both out-patients and in-patients.

EAST AFRICAN CABLES PLC

DIRECTORS REMUNERATION REPORT **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

7. Group life assurance cover

As provided to all employees, the Executive Director is entitled to a death in service benefit. This is payable to beneficiaries of the Executive Director at a maximum of three years pay.

8. Professional indemnity cover

This is provided in line with best market practice to provide protection for the Executive Director in undertaking their duties in such capacity.

(c) Substantial changes to director's remuneration

There were no substantial changes relating to the directors' remuneration made during the year (2020 – None).

(d) Statement of voting at general meeting on directors' remuneration

In the last AGM held on 2 November 2021, the shareholders unanimously passed a resolution to approve the directors' remuneration report and the directors' remuneration policy.

INFORMATION SUBJECT TO AUDIT (AUDITABLE PART)

Information subject to audit (auditable part) comprise the amounts of each director's emoluments and compensation in the relevant years. The following amounts were paid to Directors in the year under review.

EAST AFRICAN CABLES PLC

REPORT OF THE DIRECTORS **FOR THE YEAR ENDED 31 DECEMBER 2021**

The directors have pleasure in submitting their report together with the audited financial statements for the year ended 31 December 2021, which disclose the state of affairs of the company and the group.

1. Activities

The group and company's principal activities continue to be the manufacture and sale of electrical cables and conductors.

2. Results

The group and company's results (financial performance) for the year are set out on pages 47 and 48 respectively.

3. Dividends

The directors do not recommend the payment of a dividend (2020 – Nil).

4. Directors

The directors who served during the year and up to the date of this report are set out on page 5 and their details disclosed on pages 20 to 22.

5. Business review

The Group's and Company's business review is set out on pages 11 - 14.

6. Relevant audit information

The directors in office at the date of this report confirm that:

- (i) There is no relevant audit information of which the company's auditor is unaware; and
- (ii) Each director has taken all the steps that they ought to have taken as a director so as to be aware of any relevant audit information and to establish that the company's auditor is aware of this information.

7. Employees.

The Group and Company maintained a good relationship with its employees during the year. The average number of staff employed by the Group is as shown below.

	Group		Company	
	2021	2020	2021	2020
Management	67	73	49	55
Other Staff	134	134	106	106

8. Auditor

The Company's auditor, RSM Eastern Africa LLP, has indicated willingness to continue in office in accordance with the Kenyan Companies Act, 2015.

EAST AFRICAN CABLES PLC

REPORT OF THE DIRECTORS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

9. Going concern

The group and company recorded net losses of KShs 299.72 million and KShs 249.70 million respectively during the year ended 31 December 2021 (2020 net loss – Group KShs 753.22 million, Company - KShs 330.59 million), and as of that date, the Group's current liabilities exceeded its current assets by KShs 751.68 million (2020 – KShs 426.02 million).

As disclosed in Note 2(f), the Directors are aware that a material uncertainty exists that may cast significant doubt about the Group's and Company's ability to continue as a going concern, and therefore the Group and/or Company may be unable to realize their assets and discharge their liabilities in the normal course of business. However, the Board and management have put in place initiatives to ensure the Group and Company continue as a going concern for the foreseeable future. Those initiatives are detailed in note 2(f) found on pages 58 and 59.

10. Directors interests

Directors direct interest in the shares of the Company were as follows:

	2021	2020
Name	No. Of shares held	No. Of shares held
Transcentury Plc*	Nil	Nil
Cable Holdings (K) Limited	173,071,149	173,071,149

P. T. Kanyago	53,450	53,450
D. Awori	Nil	Nil
C. Kariuki	Nil	Nil
J Mwatia	Nil	Nil

* Transcentury Plc's interest in the group and company is held through Cable Holdings (K) Limited.

11. Approval of financial statements

The financial statements were approved and authorised for issue at a meeting of the directors held on 22 April 2022.

BY ORDER OF THE BOARD

Virginia Ndunge
Secretary

Date: 22 April 2022

EAST AFRICAN CABLES PLC

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for the preparation and presentation of the consolidated and separate financial statements of East African Cables PLC (Group and Company) set out on pages 47 to 107, which comprise the consolidated and separate statements of financial position as at 31 December 2021, and the consolidated and separate statements of profit or loss and other comprehensive income, consolidated and separate statements of changes in equity and consolidated and separate statements of cash flows for the year then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies and other explanatory information.

The Directors' responsibilities include: determining that the basis of accounting described in Note 2 is an acceptable basis for preparing and presenting the consolidated and separate financial statements in the circumstances, preparation and presentation of the financial statements in accordance with International Financial Reporting Standards and in the manner required by the Kenyan Companies Act, 2015 and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Under the Kenyan Companies Act, 2015, the Directors are required to prepare financial statements for each financial year which give a true and fair view of the financial position of the group and of the company as at the end of the financial year and of the profit or loss of the group and the company for that year. It also requires the Directors to ensure the company and its subsidiary keep proper accounting records which disclose with reasonable accuracy the financial position and profit or loss of the group and the company.

The Directors accept responsibility for the annual consolidated and separate financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards and in the manner required by the Kenyan Companies Act, 2015. The Directors are of the opinion that the consolidated and separate financial statements give a true and fair view of the financial position of the group and the company and of the group and the company profit or loss.

The Directors further accept responsibility for the maintenance of accounting records which may be relied upon in the preparation of consolidated and separate financial statements, as well as adequate systems of internal financial control.

As discussed at note 2(f) to the financial statement, the Directors have made an assessment of the group's and the company's ability to continue as a going concern and are aware of the existence of a material uncertainty related to events and conditions that may cast significant doubt on the Group and Company's ability to continue as a going concern and have put in place measures disclosed at note 2(f) to ensure the Group and Company continue as a going concern for at least the next twelve months from the date of this statement.

Approval of the consolidated and separate financial statements

The consolidated and separate financial statements, as indicated above, were approved and authorised for issue by the Board of Directors on 22 April 2022.

MG Waweru
Chairman

P Muigai
Chief Executive Officer and
Managing Director

Date: 22 April 2022

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
EAST AFRICAN CABLES PLC****Opinion**

We have audited the consolidated and separate financial statements of East African Cables Plc (the "Company") and its subsidiary (together, the "Group") as set out on pages 47 to 107, which comprise for both the Group and the Company, the statement of financial position as at 31 December 2021, the statement of profit or loss and other comprehensive income, and the statements of changes in equity and cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2021, and of their financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and the requirements of the Kenyan Companies Act, 2015.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Kenya, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to Note 2(f) in the financial statements, which indicates that during the year ended 31 December 2021, the Group and Company incurred a loss of KShs 299.72 million (2020: KShs 753.22 million) and KShs 249.70 million respectively (2020: KShs 330.59 million) and as of that date, the Group's current liabilities exceeded its current assets by KShs 751.68 million (2020: KShs 426.02 million). As stated in Note 2(f), these events or conditions, along with other matters as set forth in Note 2(f), indicate that a material uncertainty exists that may cast significant doubt on the Group's and Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

**THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING**

Registration number: LLP-3A1VXM

Partners: Ashif Kassam, Lina Ratansi, Nihla Mazrui, Elvis Ogeto

RSM Eastern Africa LLP is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm each of which practises in its own right. The RSM network is not itself a separate legal entity of any description in any jurisdiction.

Key audit matters (continued)

Determination of expected credit losses on trade and other receivables	
See Note 3(1)(vi), 6(a), 17 and 27(a) to the consolidated and separate financial statements	
The key audit matter	How the matter was addressed in our audit
The group's and company's trade and other receivables amounted to KShs 315 million and KShs 657 million respectively as at 31 December 2021. Significant judgement is involved in assessing the recoverability of trade and other receivables and in estimating the expected credit losses (ECL) required to be recognised against the gross trade and other receivables. The key areas where we identified greater levels of management judgement and therefore increased audit focus was the determination of historical loss rate and the application of forward-looking information to determine the ECL. We determined this area to be a key audit matter in our audit due to the significant judgments involved in determining ECL.	Our audit procedures in this area included: — Evaluating the group's methodology (provisioning matrix) for measuring ECL against the requirements of IFRS 9 <i>Financial Instruments</i> to determine the appropriateness of the ECL; — Evaluating the mathematical accuracy of the provisioning matrix by agreeing the invoice dates in the aging reports used to develop the matrix to the physical invoice dates, re-aging of the historical sales invoices using the invoice dates and comparing to that used in the provisioning matrix and recalculating the historical loss rates using the receivables aging buckets; — Challenging management's assessment and inclusion of forward-looking information by evaluating the correlation between the forward-looking information and the historical loss rates; and — Evaluating the adequacy of the disclosures made in the financial statements, including disclosures of key assumptions and judgements by reference to IFRS 7 <i>Financial Instruments: Disclosures</i>.
Impairment of the investment in subsidiary in the separate financial statements.	
See Note 3(n) and 15 to the separate financial statements	
The key audit matter	How the matter was addressed in our audit
The company's investment in subsidiary of KShs 115 million is accounted for at cost as at 31 December 2021. Further, the subsidiary owed KShs 394 million as at 31 December 2021. Because of the existence of indicators of impairment of the asset, it was necessary to determine its recoverable amount in order to assess whether there was any impairment. In assessing the asset's recoverable amount, the directors and management, used the discounted cash flow method (DCF method). The discounted cash flow method involves the exercise of significant judgement and use of assumptions regarding future performance and cash flows which are subject to significant estimation uncertainties.	Our audit procedures in this area included: — Involving our valuation specialists in evaluating the valuation techniques and assumptions used by the company; — Challenging the key assumption regarding projected growth rates and future cash flows against historical trends, post-balance sheet performance, industry trends and availability of working capital; — Evaluating the appropriateness of the discount rate used to present value the future cash flows by comparing the discount rate used to the average cost of capital for similar industries; and — Evaluating the appropriateness of the disclosures made in the financial statements, including key assumptions and judgements in accordance with IFRS 13 <i>Fair Value Measurements</i>.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
EAST AFRICAN CABLES PLC (CONTINUED)**

Report on the audit of the consolidated and separate financial statements (Continued)

Key audit matters (continued)

Impairment of the investment in subsidiary in the separate financial statements – continued	
See Note 3(n) and 15 to the separate financial statements.	
The key audit matter	How the matter was addressed in our audit
We determined the investment in subsidiary to be a key audit matter because of the significance of the amount and the related estimation uncertainty, on the assumptions used by management and directors to determine the recoverable amount, particularly those relating to the cash flow projections, growth rates, terminal values and discount rates used in the valuation model.	
Impairment of the plant and machinery	
See Note 3(n) and 11 to the financial statements	
The key audit matter	How the matter was addressed in our audit
The group's and company's plant and machinery of KShs 1,159 million and KShs 922 million respectively as at 31 December 2021 is accounted for at fair value. Because of the existence of indicators of impairment of the assets, it was necessary to determine its recoverable amount in order to assess whether there was any impairment. In assessing the assets recoverable amount, the directors and management, used the discounted cash flow method (DCF method). The discounted cash flow method involves the exercise of significant judgement and use of assumptions regarding future performance and cash flows, which are subject to significant estimation uncertainties. We determined the plant and machinery to be a key audit matter because of the significance of the amount and the related estimation uncertainty, on the assumptions used by management and directors to determine the recoverable amount, particularly those relating to the cash flow projections, growth rates, terminal values and discount rates used in the valuation model.	Our audit procedures in this area included: — Involving our valuation specialists in evaluating the valuation techniques and assumptions used by the company and its subsidiary; — Challenging the key assumption regarding projected growth rate and future cash flows against historical trends, post-balance sheet performance, industry trends and availability of working capital; — Evaluating the appropriateness of the discount rate used to present value the future cash flows by comparing the discount rate used to the average cost of capital for similar industries; and — Evaluating the appropriateness of the disclosures made in the financial statements, including key assumptions and judgements in accordance with IFRS 13 <i>Fair Value Measurements</i>.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
EAST AFRICAN CABLES PLC (CONTINUED)**

Other information (continued)

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon, other than that prescribed by the Companies Act, 2015, as set out below.

In connection with our audit of the financial statements, our responsibility is to read the other information, and in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the financial statements

The Directors are responsible for the preparation of financial statements that give a true and fair view in accordance with IFRSs and the requirements of the Kenyan Companies Act, 2015, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
EAST AFRICAN CABLES PLC (CONTINUED)**

Responsibilities of Directors for the consolidated and separate financial statements (Continued)

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Group's consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by the Kenyan Companies Act, 2015 we report to you, based on our audit, that in our opinion:

- (i) The information given in the Report of the Directors on page 39 to 40 is consistent with the financial statements; and
- (ii) The auditable part of the Directors' Remuneration Report on page 35 to 37 has been prepared in accordance with the requirements of the Kenyan Companies Act, 2015;

The engagement partner responsible for the audit resulting in this independent auditor's report is CPA Elvis Ogeto – Practicing Number 2303

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021**

1. REPORTING ENTITY

East African Cables Plc ("the Company") is a public limited liability company incorporated in Kenya under the Kenyan Companies Act, 2015 and is domiciled in Kenya. The consolidated financial statements as at and for the year ended 31 December 2021 comprise the company, East African Cables Plc and its subsidiary East African Cables (Tz) Ltd (together referred to as the "Group"). The Group is primarily involved in the manufacture and sale of electrical cables and conductors.

The address of its registered office and principal place of business is stated on page 5.

Where reference is made in the accounting policies to Group or Company it should be interpreted as being applicable to the consolidated or separate financial statements as the context requires. The consolidated and separate financial statements are hereinafter referred to as "the financial statements".

2. BASIS OF PREPARATION

(a) Statement of compliance

The consolidated and separate financial statements (hereafter referred to as financial statements) have been prepared in accordance with International Financial Reporting Standards (IFRSs) and the Kenyan Companies Act, 2015.

For Kenyan Companies Act, 2015 reporting purposes, the balance sheet is represented by the statement of financial position and the profit and loss account by the statement of profit or loss and other comprehensive income.

(b) Basis of measurement

The consolidated and separate financial statements have been prepared on the historical cost basis as modified by revaluation of certain items of property, plant and equipment, prepaid operating lease rentals and investment property which is measured at fair value and liability for staff gratuity subjected to actuarial valuation.

Details of the significant accounting policies are included in Note 3.

(c) Functional and presentation currency

These consolidated and separate financial statements are presented in Kenya Shillings (KShs), which is the Company's functional and presentation currency. All financial information presented has been rounded to the nearest thousand ("KShs '000") except where otherwise indicated.

(d) Use of judgements and estimates

The preparation of financial statements in conformity with IFRSs requires management to make judgement, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. The estimates and assumptions are based on the Directors' best knowledge of current events, actions, historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about the carrying values of assets and liabilities are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

2. BASIS OF PREPARATION (Continued)

(d) Use of judgements and estimates (continued)

Specifically, critical judgements, assumptions and estimation uncertainties are required in the following:

(i) Consolidation

Judgement is required on whether the group has de-facto control over an investee (Note 3(b)(i)). Judgement is also made during acquisition of subsidiaries where fair value is measured on a provisional basis.

(ii) Lease classification

Judgement is required in assessing whether a contract contains a lease on the basis of whether the customer has the right to control the use of an identified asset for a period of time. Note 3(f)).

(iii) Employee benefits

Certain assumptions are made when estimating employee benefit liabilities under gratuity schemes (Note 3(h)).

(iv) Taxation

Judgement is required in determining the provision for income taxes due to the complexity of legislation. The Group and Company recognise liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

The Group recognises the net future tax benefit that relates to deferred income tax assets to the extent that it is probable that the deductible temporary differences will reverse in the foreseeable future. Assessing the recoverability of deferred income tax assets requires the Group to make significant estimates related to expectations of future taxable income. Estimates of future taxable income are based on forecast cash flows from operations and the application of existing tax laws. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the Group to realise the net deferred tax assets recorded at the reporting date could be impacted.

Recognition of deferred tax assets requires assessment of future taxable profits against which carry forward tax losses can be used. It also requires assessment to determine whether there are sufficient taxable temporal differences against which tax losses can be utilised (Note 3(i)).

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

2. BASIS OF PREPARATION (Continued)

(d) Use of judgements and estimates (continued)

(v) *Impairment tests*

Key assumptions underlying recoverable amounts are made in determining carrying amounts of goodwill, receivables, investments in subsidiaries, tangible and intangible assets, investment properties etc, especially where indicators of impairment exist (Note 3 (l) and 3(n)).

The Group and Company always recognises lifetime ECL for trade receivables. The expected credit losses for these assets are estimated using a provision matrix based on the Group and Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including the time value of money where appropriate.

(e) Measurement of fair values

A number of the Group's and Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group and Company has an established framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Group finance manager.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that such valuations met the requirements of IFRSs, including the level in the fair value hierarchy in which such valuations should be classified.

Significant valuation issues are reported to the Group's Audit Committee.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- *Level 1:* quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2:* inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- *Level 3:* inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

2. BASIS OF PREPARATION (Continued)

(e) Measurement of fair values (continued)

Further information about the assumptions made in measuring fair values is included in the following notes:

- *Note 11* – Property, plant and equipment
- *Note 12* – Right-of-use assets
- *Note 13* – Investment properties
- *Note 14* – Asset held for sale
- *Note 27* – Financial instruments

(f) Going concern

The group and company recorded net losses of KShs 299.72 million and KShs 249.70 million respectively during the year ended 31 December 2021 (2020 net losses – Group KShs 753.22 million, Company - KShs 330.59 million), and as of that date, the Group's current liabilities exceeded its current assets by KShs 751.68 million (2020 – KShs 426.02 million).

As at 31 December 2021, the group and company had overdue loans amounting to KShs 335.04 million and KShs 227.18 million respectively. These loans are due and payable on demand and in the event that the lenders recall the loans due, the group and company do not have the ability to settle these loans in the normal course of business.

The above events or conditions indicate that a material uncertainty exists that may cast significant doubt about the Group's and Company's ability to continue as a going concern, and therefore the Group and/or Company may be unable to realize their assets and discharge their liabilities in the normal course of business. Consequently, the Group and Company has put in place the following initiatives to ensure that they meet their obligations as and when they fall due.

Initiatives planned to improve profitability and bridge the funding gap

(i) *Enhancement of working capital facility*

The Group and Company is in negotiations for an enhanced trade facility of KShs 250m (2020 – KShs 170m) for its Tanzania subsidiary working capital requirements. The facility once availed, shall be utilised in issuance of letters of credit to suppliers of primary raw materials.

(ii) *Collection of long outstanding receivables*

The Group and Company has intensified collection of long outstanding receivables to improve liquidity in the business. In the period under review, a total of KShs 158 million of delinquent debt was collected and released into operations. There is a continued focus to collect another KShs 200 million in 2022.

(iii) *Enhanced partnership with key raw material suppliers:*

The business continues to maintain conducive trading terms from its key suppliers of raw materials. The Group and Company has negotiated open trading terms for supplies of main raw materials including aluminium, PVC and Steel wire. This initiative has enabled the business to maintain continued flow of raw materials to serve its customer base even with constrained working capital availability.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

2. BASIS OF PREPARATION (Continued)

(f) Going concern (continued)

Initiatives planned to improve profitability and bridge the funding gap - continued

(iv) Disposal of non-operating assets

The Group and Company are in the process of disposing some of their non-operating assets to generate operating cashflows. The table below summarises the assets and status of each.

Asset	Expected proceeds (KShs 'm)	Timing	Status
LR No. 3734/126 Nairobi, Kenya	110	Completed in April 2022	Sale agreement signed and down-payment received.
Mapre Extruder Machine	100	31.12.2022	Negotiations with a prospective buyer.
LR No. 209/6982/2 in Industrial Area Nairobi	250	30.06.2022	Negotiating with a prospective buyer
Total	460		

The directors having considered the initiatives above and information at hand, have concluded that the going concern assumption is appropriate in the preparation of these consolidated and separate financial statements. However, if the group and company are unable to obtain sufficient funds through the ongoing fund-raising process (the rights issue at the ultimate holding company, TransCentury Plc) and the planned disposal of assets described above within the next twelve months from the date of approval of these financial statements, a material uncertainty exists which may cast a significant doubt about the group and company's ability to continue as a going concern and, therefore the group and company may be unable to realise their assets and discharge their obligations in the normal course of business.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements:

(a) Revenue recognition

(i) Sale of goods

Revenue is measured at the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group and Company's activities. Net revenue is stated net of value-added tax (VAT), returns, rebates and discounts and after eliminating sales within the Group.

Revenue is measured based on the consideration to which the Group and Company expects to be entitled in a contract with a customer. The Group recognises revenue when it transfers control of a product or service to a customer.

The Group will recognise revenue in accordance with that core principle by applying the following five steps:

Step 1: Identify the contract(s) with a customer;

Step 2: Identify the performance obligations in the contract;

Step 3: Determine the transaction price;

Step 4: Allocate the transaction price to the performance obligations in the contract;

Step 5: Recognise revenue when (or as) the entity satisfies performance obligation.

(ii) Rental income

Rental income on the investment property is recognised in profit or loss on a straight-line basis over the term of the lease. Rental income is presented in other income.

(b) Consolidation principles

(i) Subsidiaries

The consolidated financial statements include the Company (which also includes a dormant branch in Uganda) and its subsidiaries, East African Cables (Tanzania) Limited in which the Group holds 51% of the voting rights. (refer to Note 15).

Subsidiaries are entities controlled by the Company. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date on which control ceases.

In the company financial statements, the investment in subsidiary is carried at cost and assessed for impairment at each reporting date.

Non-controlling interests (NCI) are measured at their proportionate share of the acquiree's identifiable net assets at the acquisition date.

(ii) Transactions eliminated on consolidation

All intra-group balances and any unrealised gains and losses or income and expenses arising from intra-group balances, are eliminated in preparing consolidated financial statements.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(b) Consolidation principles (continued)

(iii) Business combinations

All business combinations are accounted for by applying the acquisition method. Goodwill represents the difference between the cost of acquisition and the fair value of the net identifiable assets acquired.

A gain arising on a bargain acquisition is recognised directly in profit or loss.

(c) Foreign currencies

(i) Foreign currency transactions

Transactions in foreign currencies during the year are converted into Kenya Shillings at the exchange rate ruling at the date of the transaction. Foreign currency monetary assets and liabilities are translated at the exchange rate ruling at the reporting date. Resulting exchange differences are recognised in profit or loss.

Non-monetary assets and liabilities that are measured based on historical cost denominated in foreign currency are translated at the exchange rate ruling at the date of transaction.

(ii) Foreign operations

The assets and liabilities of foreign operations (which includes subsidiaries and branches), including fair value adjustments arising on consolidation, are translated to Kenya Shillings at foreign exchange rates ruling at the reporting date. The revenues and expenses of foreign operations are translated to Kenya Shillings at rates approximating the foreign exchange rates ruling at the dates of transaction. Foreign exchange differences arising on translation are recognised in other comprehensive income (OCI) and accumulated as a separate component of equity (foreign currency translation reserve) until the disposal of the foreign operation.

(d) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment (PPE) are measured at cost or at the revalued amount (as appropriate) less accumulated depreciation and impairment losses, if any.

Cost includes expenditures that are directly attributable to the acquisition of the asset. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. External revaluations for the group's buildings, plant and machinery are obtained after every three years. Surpluses arising from the valuations are recognised in other comprehensive income and accumulated in revaluation reserves in equity.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and is recognised net within profit or loss and presented within other income/expense. When revalued assets are sold, any related amount included in the revaluation reserve is transferred to retained earnings.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(d) Property, plant and equipment (continued)

(ii) Subsequent costs

The cost of replacing part of an item of property, plant or equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and Company and its cost can be measured reliably. The costs of the day-to-day servicing of property and equipment are recognised in profit or loss as incurred.

(iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Depreciation is charged on a straight-line basis over the estimated useful lives of the assets. The annual rates of depreciation used are shown on note 11(b).

(iv) Reclassification to investment property

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property and re-measured to fair value. Any gain arising on re-measurement is recognised in profit or loss to the extent that it reverses a previous impairment loss on the specific property, with any remaining gain recognised in equity. Any loss is recognised immediately in profit or loss.

(e) Investment properties

Investment properties are properties held either to earn rental income or for capital appreciation or both, but not for sale in the ordinary course of business, use in production or supply of goods and services or for administrative purposes.

Any gain or loss on disposal of investment properties (calculated as the difference between the net proceeds from disposal and the carrying amount of an item) is recognised in profit or loss. When an investment property that was previously classified as property, plant and equipment is sold, any related amount included in the revaluation reserve is transferred to retained earnings.

Investment properties are measured at fair value. External valuations are obtained on such a basis as to ensure that substantially all properties are valued once every three years. In the event of a material change in market conditions between the valuation date and the reporting date an internal valuation is performed, and adjustments made to reflect any material changes in value.

Surpluses and deficits arising from changes in fair value are recognised in profit or loss for the year.

(f) Leases

Group and Company acting as a lessee

At inception of a contract, the Group and Company assess whether a contract is, or contains a lease. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group and Company uses the definition of a lease in IFRS 16.

The Group and Company recognize a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove any improvements made to branches or office premises.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

3. MATERIAL ACCOUNTING POLICIES (Continued)

(f) Leases (continued)

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group and Company's incremental borrowing rate is used. Generally, the Group and Company use their incremental borrowing rate as the discount rate.

The Group and Company determine their incremental borrowing rate by analysing their bank borrowings and makes certain adjustments to reflect the terms of the lease and type of asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments,
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date,
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group and Company are reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group and Company are reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group and Company's estimate of the amount expected to be payable under a residual value guarantee, if the Group and Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group and Company present right-of-use assets and lease liabilities as separate lines in the statement of financial position.

Short-term leases and leases of low-value assets

The Group and Company have elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Group and Company recognise the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(g) Inventories

Work in progress and manufactured finished goods are valued at production cost including direct costs (cost of materials and labour), an appropriate proportion of production overheads and factory depreciation and other costs incurred in bringing the inventories to their present location and condition. The cost of stocks is based on the weighted average principle.

If the purchase or production cost is higher than net realisable value, inventories are written down to net realisable value. Purchase cost relates to the purchase of raw materials. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(h) Employee benefits

(i) Defined contribution plan

Non-unionisable employees of the Group are eligible for retirement benefits under a defined contribution plan provided through a separate fund arrangement.

Contributions to the defined contribution plan are recognised in profit or loss as incurred. The Group has no further obligation once the contributions have been paid.

(ii) Staff gratuity

The Group provides service gratuity to unionisable staff that retire on attaining the age of 55 years or are declared redundant. These are provided to eligible employees based on each employee's length of service with the Group, as provided for in the collective bargaining agreement. The Group also provides for long service award to staff based on length of service.

The cost of providing service gratuity which is considered as defined benefit plan is determined by a professional actuary using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses are recognized immediately in the statement of financial position with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Group recognises the following changes in the net defined benefit in profit or loss as:

- Service costs comprising of current service costs recognised in profit or loss under cost of sales.
- Net interest expense or income recognised in profit or loss under cost of sales.

Service gratuity is disclosed in Note 20 to the financial statements.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

3. MATERIAL ACCOUNTING POLICIES (Continued)

(h) Employee benefits (continued)

(iii) Leave accrual

Employee entitlements to annual leave are recognized when they are expected to be paid to employees. A provision is made for the estimated liability for annual leave at the reporting date.

The monetary value of the unutilised leave by staff as at year end is carried in the accruals as a payable and the movement in the year is recognised in profit or loss.

(iv) Termination benefits

Termination benefits are recognised as an expense when the Group is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognised as an expense if the Group has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

(i) Taxation

Income tax comprises current tax and change in deferred tax. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in other comprehensive income or directly in equity, in which case it is recognised in other comprehensive income or in equity respectively.

Current tax is provided on the results in the year as shown in the financial statements adjusted in accordance with tax legislation.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future. In addition, deferred tax is not recognised for taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(i) Employee benefits (continued)

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously. A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences. In the case where the Group and Company have a history of recent losses recognition of a deferred tax asset arising from unused tax losses will be only to the extent that there are sufficient taxable temporary difference or there is convincing other evidence that sufficient taxable profit will be available. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(j) Related party transactions

The group discloses the nature, volume and terms and conditions of amounts outstanding at the end of each financial year from transactions with related parties, which include transactions with the directors, executive officers and group or related companies.

(k) Dividends

Dividends are recognised as a liability in the period in which they are declared. Withholding tax is withheld for all cases where the percentage of ownership is less than 12.5% at the prevailing rates.

Proposed dividends are disclosed on Note 23.

(l) Financial instruments

Financial instruments include balances with banks, trade and other receivables, balances due from and to related parties, trade and other payables and borrowings.

(i) Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group and Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(i) Financial instruments (continued)

(ii) *Classification and subsequent measurement*

Financial assets

A financial instrument is a contract that gives rise to both a financial asset for one enterprise and a financial liability of another enterprise.

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income (FVOCI) – debt investment; FVOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Group and Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets – Business model assessment

The Group and Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group and Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(i) Financial instruments (continued)

(ii) Classification and subsequent measurement - continued

Financial assets – Business model assessment - continued

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group and Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets – Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group and Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group and Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Group and Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract.

Additionally, for a financial asset acquired at a discount or premium to its contractual at par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual at par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(l) Financial instruments (continued)

(ii) Classification and subsequent measurement - continued

Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Debt Investments at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition.

Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iii) De-recognition

Financial assets

The Group and Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group and Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(I) Financial instruments (continued)

(iii) De-recognition - continued

Financial assets - continued

The Group and Company enters into transactions whereby it transfers assets recognised in its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Group and Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire. The Group and Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred, or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when the Group and Company has an enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(v) Fair value of financial assets and liabilities

Fair value of financial assets and financial liabilities is the price that would be received to sell an asset or paid to transfer a liability respectively in an orderly transaction between market participants at the measurement date.

(vi) Impairment of financial assets

Non-derivative financial assets

Financial instruments and contract assets

The Group and Company recognises loss allowances for Expected Credit Losses (ECLs) on financial assets measured at amortised cost. The Group and Company measures loss allowances at an amount equal to lifetime ECLs, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

3. MATERIAL ACCOUNTING POLICIES (Continued)

(l) Financial instruments (continued)

(vi) Impairment of financial assets - continued

Non-derivative financial assets - continued

Financial instruments and contract assets - continued

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group and Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group and Company's historical experience and informed credit assessment and including forward-looking information.

The Group and Company assumes that the credit risk on a financial asset has increased significantly if it is more than 90 days past due.

The Group and Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group and Company in full, without recourse by the Group and Company to actions such as realising security (if any is held); or
- the financial asset is more than 365 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group and Company is exposed to credit risk.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group and Company expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

At each reporting date, the Group and Company assesses whether financial assets carried at amortised cost and debt securities at Fair Value Through Other Comprehensive Income (FVOCI) are credit-impaired.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

3. MATERIAL ACCOUNTING POLICIES (Continued)

(i) Financial instruments (continued)

(vi) *Impairment of financial assets - continued*

Measurement of ECLs - continued

A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- Significant financial difficulty of the debtor
- A breach of contract
- It is probable that the debtor will enter into bankruptcy
- Presentation of allowance for ECL in the statement of financial position
- Write-off

(vii) *Accounting classifications and fair values for financial assets and liabilities*

The table below sets out the carrying amounts of each class of financial assets and liabilities, and their fair values:

Group

31 December 2021:	Financial assets- amortised cost KShs'000	Financial liabilities- amortised cost KShs'000	Total carrying amount KShs'000	Fair value KShs'000
Assets		-		
Trade receivables – net	255,487	-	255,487	255,487

(m) Asset fair values

The carrying amounts of financial instruments such as trade receivables, cash and bank balances, and trade payables are a reasonable approximation of fair values.

Valuation hierarchy

The fair value of certain items of property, plant and equipment, leasehold land and investment property was determined by external, independent property valuers in 2019, having appropriate recognized professional qualifications and experience in the location and category of the property being valued.

The table below shows the classification of investment property held at fair value into the valuation hierarchy set out below as at 31 December 2021 and 31 December 2020:

Group	Level 1 KShs'000	Level 2 KShs'000	Level 3 KShs'000	Total KShs'000
31 December 2021:				
Property, plant and equipment (Excluding Motor vehicles) (Note 11 (a))	-	2,374,661	-	2,374,661
Right-of-use assets (Note 12)	-	2,026,177	-	2,026,177
Investment property (Note 13)	-	220,260	-	220,260
Assets held for sale (Note 14)	-	110,000	-	110,000
Total	-	4,731,098	-	4,731,098
31 December 2020:				
Property, plant and equipment (Excluding Motor vehicles) (Note 11 (a))	-	2,530,987	-	2,530,987
Right-of-use assets (Note 12)	-	2,077,037	-	2,077,037
Investment property (Note 13)	-	220,272	-	220,272
Assets held for sale (Note 14)	-	110,000	-	110,000
Total	-	4,938,296	-	4,938,296
Company	Level 1 KShs'000	Level 2 KShs'000	Level 3 KShs'000	Total KShs'000
31 December 2021:				
Property, plant and equipment (Excluding Motor vehicles) (Note 11(b))	-	1,880,566	-	1,880,566
Right-of-use assets (Note 12)	-	1,129,517	-	1,129,517
Assets held for sale (Note 14)	-	110,000	-	110,000
Total	-	3,120,083	-	3,120,083
31 December 2020:				
Property, plant and equipment (Excluding Motor vehicles) (Note 11(b))	-	2,029,710	-	2,029,710

(m) Asset fair values (continued)

Valuation techniques and significant unobservable inputs

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Property, plant and equipment	Items of property, plant and equipment in Kenya, other than motor vehicles, are revalued every 3 to 5 years, at values determined based on a valuation done by Ms Proland Realtors Limited on 31st December 2018. Proland Realtors Limited is an accredited independent valuer, and an industry specialist in valuing these types of investment properties. Tanzania property, plant and equipment are stated at fair value, which has been determined based on valuation by Ms Accurate Valuers Limited an accredited independent valuer as at 30th April 2019. The fair value of the properties has not been determined on transactions observable in the market because of the nature of the property and lack of comparable data. Instead, valuation model in accordance with that recommended by the International Valuation Standard Committee has been applied. The resulting fair value change is dealt with through other comprehensive income.	The factory buildings are in prime locations within the industrial area. Machinery is anchored in the factory buildings and is specialized in cable manufacturing only. Other items of property, plant and equipment like motor vehicles, furniture and fittings is moveable in nature and is used to facilitate manufacture and sale of electrical cables and conductors.	The management assessment as at 31st December 2021 determined that the carrying values of property, plant and equipment represented the fair value of these assets. No gain or loss was recognized in the year.
Investment Property	This is a residential property situated in Dar-es-salaam Tanzania and is stated at fair value less costs to sell, which has been determined based on a valuation by Ms. Accurate Valuers Limited an accredited independent valuer as at 31st December 2020. The property was unoccupied in the year.	The property is in a prime area adjacent to the National Referral Hospital	The management assessment as at 31st December 2021 determined that there were no changes in carrying value. No gain or loss was recognized in the year.

EAST AFRICAN CABLES PLC

3. MATERIAL ACCOUNTING POLICIES (Continued)

(m) Asset fair values (continued)

Valuation techniques and significant unobservable inputs

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Right of use assets	This relates to leasehold land upon which the manufacturing plants are set up. These assets are revalued every 3 to 5 years, at values, based on valuation done by Ms Proland Realtors Limited on 31 st December 2018. Proland Realtors Limited is and accredited independent valuer and an industry specialist in valuing these types of properties. The fair value of the leasehold land has been determined on the basis of comparable transaction in the market. Additionally, valuation model in accordance with that recommended by the International Valuation Standard Committee has been applied. Note: The leasehold land in Tanzania is stated fair value, based on valuation by Ms Accurate Valuers and accredited independent valuer on 30 th April 2019.	The right-of-use land is located in prime locations within Nairobi's industrial area and Dar es salaam Nyerere road.	The management assessment as at 31 st December 2021 determined that the carrying values of right-of-use assets represented the fair value of these assets. No gain or loss was recognized in the year.
Assets held for sale	This is a commercial property situated in Nairobi, Kenya and is stated at fair value less costs to sell, which has been determined based on market estimate and offers being given by prospective buyers. The resulting fair value change is dealt with through profit or loss. Contract price has been used as basis for the carrying value in the books. Sale of this property was concluded post year end.	The property is located in the Lavington area approximately 15kms from Nairobi City Centre	The value carried in the books is based on the contract price. An agreement for sale has been signed and down-payment received.

(n) Impairment of non- financial assets

The carrying amounts of the Group's and Company's non-financial assets, other than investment properties, inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(n) Impairment of non- financial assets (continued)

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment losses are recognised in profit or loss.

Impairment losses recognised in respect of cash-generating units are allocated first reduce the carrying amount of any goodwill allocated to the cash generating unit and then to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Impairment losses in respect of goodwill are not reversed.

(o) Assets held for sale

Non-current assets or disposal groups comprising assets and liabilities that are expected to be recovered primarily through sale or distribution than through continuing use are classified as held for sale or distribution. Immediately before classification as held for sale or distribution the assets or components of a disposal group are measured in accordance with the Group's accounting policies. Thereafter generally the assets or disposal group are measured at the lower of their carrying amount and fair value less costs to sell. Any impairment loss on a disposal group is allocated first to goodwill and then to the remaining assets and liabilities on a pro rata basis.

Impairment losses on initial classification as held for sale or distribution and subsequent gains and losses on re-measurement are recognised in profit or loss. Gains are not recognised in excess of any cumulative impairment loss.

Once classified as held for sale or distribution, assets are no longer amortised or depreciated, and any equity-accounted investee is no longer equity accounted.

(p) Provisions

A provision is recognised in the statement of financial position when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

(q) Finance income and expenses

Finance income and expenses comprise interest expense on borrowings and foreign currency losses. Borrowing costs, not relating to qualifying assets, are recognised in profit or loss using the effective interest rate.

Foreign exchange gains and losses are report on a gross basis.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)**

3. MATERIAL ACCOUNTING POLICIES (Continued)

(r) Segmental reporting

The Group determines and presents operating segments based on the information that internally is provided to the Group Chief Executive Officer (CEO), who is the Group's chief operating decision maker.

The Group has three reportable segments which are the Group's geographic locations. The geographic locations offer similar products to different markets and are managed separately because they require different marketing strategies.

The CEO reviews the internal management reports on each of the segments on a monthly basis. The performance of each segment is measured on segment profit as included in the management report. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of the businesses.

Specific segmental information is disclosed in Note 30.

(s) Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

(t) Comparative information

Where necessary, comparative figures have been represented to conform with changes in presentation in the current year.

(u) New standards, amendments and interpretations

(i) New standards, amendments and interpretations effective and adopted during the year

The Group and Company has adopted the following new standards and amendments during the year ended 31 December 2021, including consequential amendments to other standards with the date of initial application by the Group and Company being 1 January 2021.

New standard or amendments	Effective for annual periods beginning on or after
— Amendments to IFRS 4 — Insurance contracts - — deferral of IFRS 9	1 January 2021
(Interest Rate Benchmark Reform Phase 2)	1 January 2021
— Amendment to IFRS 16 COVID-19 (Related Rent Concessions)	1 April 2021

The above new standards and amendments did not have a material impact on the financial statements of the Group and Company.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

3. MATERIAL ACCOUNTING POLICIES (Continued)

(ii) *New standards, amendments and interpretations in issue but not effective for the year ended 31 December 2021*

A number of new standards, amendments to standards and interpretations are not yet effective for the year ended 31 December 2021 and have not been early adopted by the Group and Company. The Group and Company are in the process of assessing the impact of these standards on the Company Financial Statements.

New standard or amendments	Effective for annual periods beginning on or after
— Amendments to IAS 37 Onerous Contracts – Cost of Fulfilling a Contract	1 January 2022
— Amendments to IAS 16 Property, Plant and Equipment: Proceeds before Intended Use	1 January 2022
— Annual Improvements to IFRS Standards 2018–2020	1 January 2022

Depreciation is based on the cost of an asset less its residual value. Depreciation is charged on a straight-line basis over the estimated useful lives of the assets. The annual rates of depreciation used are as follows:

Leasehold buildings	Over the shorter of the lease period and the asset's useful life
Plant and machinery	10%
Computers	33.3%
Motor vehicles	25%
Furniture, fittings and equipment	12.5% - 20%

Construction work-in-progress is not depreciated until after commissioning.

The assets' residual values, useful lives and depreciation methods are reviewed and adjusted as appropriate at each reporting date.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

11. PROPERTY, PLANT AND EQUIPMENT (Continued)

Revaluation

The directors are of the view that the value carried in the books is a fair estimate of the current value of the assets as at the statement of financial position date.

Included in property, plant and equipment are assets with a gross value of KShs 105 million (2020 – KShs 134 million), which are fully depreciated, and still in use. Such assets would have attracted a notional depreciation of KShs 70 million (2020 – KShs 78 million).

If the buildings, plant and machinery were stated on the historical cost basis, the amounts would be as follows:

Group	Buildings KShs'000	Plant and machinery KShs'000	Total KShs'000
At 31 December 2021			
Cost	858,809	2,170,300	3,029,109
Accumulated Depreciation	(215,460)	(2,170,300)	(2,385,760)
Net carrying value	<u>643,349</u>	<u>-</u>	<u>643,349</u>

At 31 December 2021			
Cost	845,083	2,149,790	2,994,873
Accumulated Depreciation	(198,284)	(1,906,370)	(2,104,654)
Net carrying value	<u>646,799</u>	<u>243,420</u>	<u>890,219</u>

Company	Buildings KShs'000	Plant and machinery KShs'000	Total KShs'000
At 31 December 2021			
Cost	835,003	1,839,790	2,674,793
Accumulated Depreciation	(194,449)	(1,839,790)	(2,034,239)
Net carrying value	<u>640,554</u>	<u>-</u>	<u>640,554</u>

At 31 December 2020			
Cost	835,003	1,835,794	2,670,797
Accumulated Depreciation	(177,749)	(1,805,459)	(1,983,208)
Net carrying value	<u>657,254</u>	<u>30,335</u>	<u>687,589</u>

Security

At 31 December 2021, land and buildings for Group and Company with a carrying amount of KShs 3,121 million and KShs 1,972 million (2020 – KShs 3,193 million and KShs 2,032 million) respectively, are subject to a registered debenture securing a bank loan facility. Plant and machinery for the Group and Company with a carrying amount of KShs 1,280 million and KShs 1,039 million (2020 – KShs 1,415 million and KShs 1,170 million) respectively are subject to a registered debenture to secure bank loan facilities. A motor vehicle with a cost of KShs 4.3 million (2020 – KShs 4.3 million) is also held as security for a bank loan.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

20. RETIREMENT BENEFITS OBLIGATIONS

The Group and Company operate a Gratuity arrangement for its unionisable employees. The Gratuity arrangement is provided under a Collective Bargaining Agreement effective from 1 September 2016.

The benefits in the Memorandum of agreement are defined on retirement and death. The Gratuity arrangement is defined benefit in nature with benefits linked to past service and salary at time of exit. Generally, on retirement, the benefit provided to employees for service from 1 to 5 years is 16 days pay for each completed year of service, for service from 6 to 10 years 20 days pay for each year of service and for service over 10 years 23 days' pay for each year of service.

	Group		Company	
	2021	2020	2021	2020
	KShs '000	KShs '000	KShs '000	KShs '000
Opening benefit obligation	40,601	31,594	25,283	21,498
Current service cost net of employees' contributions - charged to profit or loss	2,410	2,356	1,556	1,659
Interest cost charged to profit or loss	4,839	4,187	3,126	2,735
Actuarial loss/(gain) charged to other comprehensive income	(6,215)	1,593	(4,576)	(609)
Benefits and expenses paid	(196)	-	-	-
Translation losses/(gains)	653	871	-	-
Closing benefit obligation	<u>42,092</u>	<u>40,601</u>	<u>25,389</u>	<u>25,283</u>

The principal actuarial assumptions used in determining service gratuity obligations for the company are shown below:

	Kenya		Tanzania	
Actuarial assumptions	2021	2020	2021	2020
Discount rate (% p.a.)	12.25%	12.00%	11.00%	10.50%
Future salary increases (% p.a.)	10.00%	10.00%	10.00%	10.00%
Mortality Assumptions – Males	KE 2001-2003 Males	KE 2001-2003 Males	TZ 2001-2003 Males	TZ 2001-2003 Males
Mortality Assumptions – Females	KE 2001-2003 Females	KE 2001-2003 Females	TZ 2001-2003 Females	TZ 2001-2003 Females
Weighted average duration of defined benefit obligation	9.7	10.2	9.6	7.6

Sensitivity of the results

The results of actuarial valuation will be more sensitive to changes in financial assumption than changes in the demographic assumptions. In preparing the sensitivity analysis of the results to the discount rate used, the actuaries have relied on the calculations of the duration of the liability.

A quantitative sensitivity analysis for significant assumptions as at 31 December 2021 is as shown below:

Net liability at end of the period	<u>23,157</u>	<u>27,970</u>	<u>28,008</u>	<u>23,090</u>

Key Risks

The key risks associated with the Gratuity arrangement are as follows:

- The benefits are linked to salary and consequently have an associated risk to increases in salary.
- The benefits are defined as per the Memorandum of Agreement, normally effective for two years. Negotiations with the trade union could change these benefits and materially change the costs of the company.
- The Arrangement is unfunded with no separate assets. Investment risk would therefore not arise on the Arrangement.
- Benefits in the Arrangement are payable on retirement, death or redundancy. The actual cost to the Company of the benefits is therefore subject to the demographic movements of employees.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

26. CONTINGENT LIABILITIES

Guarantees with the bankers amounted to KShs 32 million as at 31 December 2021 (2020 – KShs 33 million). Letters of credit amounted to KShs 107 million as at 31 December 2021 (2020 – KShs 96 million) whose related liabilities have been accrued in the financial statements as appropriate for the supplies.

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Overview

The Group and Company has exposure to the following risks from its use of financial instruments:

- (a) Credit risk;
- (b) Liquidity risk; and
- (c) Market risk.

This note presents information about the Group's and Company's exposure to each of the above risks, the Group's and Company's objectives, policies and processes for measuring and managing risk, and the Group's and Company's management of capital. Further quantitative disclosures are included throughout these consolidated financial statements.

The board of directors has overall responsibility for the establishment and oversight the Group's and Company's risk management framework. The finance department identifies, evaluates and addresses financial risks. The Board provides written principles for overall risk management, as well as written policies covering specific areas such as foreign exchange risk, interest rate risk, credit risk, and investing excess liquidity.

The Board of Directors oversees how management monitors compliance with the Group's and Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group and Company.

(a) Credit risk

Credit risk is the risk of financial loss to the Group and Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's and Company's receivables from customers and investment securities.

Trade and other receivables

The Group's and Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the Group's and Company's customer base, including the default risk of the industry and country in which customers operate, has less of an influence on credit risk.

The Group and Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's and Company's standard payment and delivery terms and conditions are offered. Customers that fail to meet the Group's and Company's benchmark creditworthiness may transact with the Group only on a prepayment basis.

The Group and Company has a stringent debt provisioning policy that represents its estimate of incurred losses in respect of trade and other receivables and investments. The main component of this allowance specific loss component that relates to individually significant exposures.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(a) Credit risk (continued)

The Group and Company also manages the level of credit risk by focusing on customer satisfaction as a key performance indicator. It also maintains a short credit period. Due to the nature of the Group's and Company's activities, credit risk concentrations are high due to reliance on some customers and as such close monitoring of credit relationships is carried out.

The carrying amount of financial assets represents the maximum exposure to credit risk. The maximum exposure to credit risk at the reporting date was:

	Carrying amount			
	Group		Company	
	2021	2020	2021	2020
	KShs '000	KShs '000	KShs '000	KShs '000

	<u>361,096</u>	<u>551,658</u>	<u>635,271</u>	<u>709,471</u>

Short term deposits

The Group and Company's limits its exposure to credit risk by only investing in short term deposits in money market.

Expected credit loss (ECL) assessment as at 1 January and 31 December 2021

The Group and Company use a provision matrix to measure the ECL based on a factor of the following:

- Probability of default
- Exposure at default, and
- The loss given default.

The probability of default is based on 12-month flow rates with an adjustment for forward looking information.

The following table provides information about the exposure to credit risk and ECLs for trade receivables as at 31 December 2021.

(i) Trade receivables

	Group		Company

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(a) Credit risk (continued)

(i) Trade receivables

Loss rates are based on actual credit loss experience over the past 60 months, current conditions plus the Group's view of economic conditions such as inflation, commercial bank interest rates and growth in the economy's gross domestic product.

(ii) Intercompany receivables

For Group and Company, the calculated ECL which represents the probability of default was 77% and 75% respectively, which considers historical experience over the last 12 months, current conditions, exchange rates and country risk. These rates were applied to the gross outstanding amount and resulted in a loss allowance of KShs 45,585,000 and KShs 198,493,000 for the Group and Company respectively for the year ended 31 December 2021.

	Group		Company	
	2021	2020	2021	2021
	KShs 000	KShs 000	KShs 000	KShs 000

East African Cables (Tz)	-	-	546,561	530,871
Due from other related parties	<u>53,068</u>	<u>50,938</u>	<u>53,068</u>	<u>50,938</u>
Gross owed by related parties	53,068	50,938	599,629	581,809
Loss allowance	<u>(43,991)</u>	<u>(46,671)</u>	<u>(196,898)</u>	<u>(199,453)</u>
Net receivables owed by related parties	<u>9,077</u>	<u>4,267</u>	<u>402,731</u>	<u>382,356</u>

(iii) Cash and cash equivalents

The Group and company held cash and bank balances of KShs 96,532,000 and KShs 20,736,000 respectively (2020: Group - KShs 190,095,000 and Company KShs 30,190,000). The cash and bank balances are held with banks and financial institution counterparties, which are rated between A1 to Ba1, based on GCR, S&P and Moody's ratings.

Impairment on cash and cash equivalents has been measured on a 12-month expected credit loss basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties. An impairment amounting to KShs 25,340 was recorded in the year.

(b) Liquidity risk

Liquidity risk is the risk that the Group and Company will not be able to meet their financial obligations as they fall due. The Group's and Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's and Company's reputation.

Typically, the Group and Company ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

In addition, as at 31 December 2021, the Group and Company maintained KShs 170 million (2020 - KShs 100 million) letter of credit facility for importation of raw materials. The line of credit is utilised in issuance of letters of credit to suppliers of critical raw materials.

EAST AFRICAN CABLES PLC

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(c) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Group's and Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

(i) Interest rate risk

The Group's and Company's operations are subject to the risk of interest rate fluctuations to the extent that interest earning assets (including investments) and interest-bearing liabilities mature or reprice at different times or in differing amounts. Risk management activities are aimed at optimizing net interest income, given market interest rates levels consistent with the group's and company's business strategies.

The table below summarises the exposure to interest rate risks. Included in the table below are the Group's and Company's assets and liabilities at carrying amounts, categorized by the earlier of contractual reprising or maturity dates:

Group

			Due between 3 and 12 months KShs '000	Due between 1 and 5 years KShs '000	Due after 5 years KShs '000	Non- interest bearing KShs '000	Total KShs'000

NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021 (CONTINUED)

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(c) Market risk (continued)

(ii) Currency risk

The Group and Company is exposed to currency risk through transactions in foreign currencies. Foreign currency gains and losses are recognised in profit or loss.

In respect of monetary assets and liabilities in foreign currencies, the company ensures that its net exposure is kept to an acceptable level by buying foreign currencies at spot rates to enable the company to meet its obligations.

The Group's and Company's exposure to currency risk mainly arises from transactions denominated in US Dollar.

The Group's and Company's exposure to foreign currency risk was as follows based on notional amounts in US dollars:

	Group		Company	
	2021	2020	2021	2020
	KShs'000	KShs'000	KShs'000	KShs'000
Financial assets				
Cash and bank balances	2,543	1,889	2,496	1,848
Trade receivables	<u>35,494</u>	<u>138,380</u>	<u>35,494</u>	<u>138,380</u>
	<u>38,037</u>	<u>140,269</u>	<u>37,990</u>	<u>140,228</u>
Financial liabilities				
Shareholders loan	(642,487)	(586,289)	(642,487)	(586,289)
Trade payables	<u>(204,152)</u>	<u>(183,484)</u>	<u>(141,171)</u>	<u>(123,866)</u>
	<u>(846,639)</u>	<u>(769,773)</u>	<u>(783,658)</u>	<u>(710,155)</u>
Net exposure	<u>(808,602)</u>	<u>(629,504)</u>	<u>(745,668)</u>	<u>(569,927)</u>

The following significant exchange rates applied during the year:

	Closing rate		Average rate	
	2021	2020	2021	2020
	KShs	KShs	KShs	KShs
USD	<u>113.14</u>	<u>109.17</u>	<u>109.88</u>	<u>106.62</u>

Sensitivity analysis

A 10 percent strengthening/weakening of the Kenya shilling against the following currencies would have increased profit or loss by amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2020:

	Profit or loss			
	Group		Company	
	2021	2020	2021	2020
	KShs '000	KShs '000	KShs '000	KShs '000
At 31 December	<u>80,860</u>	<u>62,950</u>	<u>74,569</u>	<u>56,993</u>

EAST AFRICAN CABLES PLC

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(d) Capital risk management

The group's and company's objectives when managing capital are to safeguard the group's and company's ability to continue as a going concern in order to provide returns for shareholders and the benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Board's policy is to maintain a strong capital base so as to maintain creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital and the level of dividend pay-out to its shareholders.

The group and company monitor capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non-current borrowings) less cash and cash equivalents. Total capital is calculated as equity as shown in the consolidated and separate statement of financial position plus net debt. The gearing ratio at end of the reporting period was as follows:

	Group		Company	
	2021	2020	2021	2020
	KShs'000	KShs'000	KShs'000	KShs'000

29. EVENTS AFTER REPORTING DATE

No material events or circumstances have arisen between the accounting date and the date of this report.

30. SEGMENTAL REPORTING

Management has determined the operating segments based on the reports reviewed by the Strategy committee. The committee considers the business from a geographical perspective. This committee has the primary responsibility of overseeing implementation of strategic decisions of the board including product and geographical diversification. Geographically, management considers the performance of the business in Kenya, Uganda and Tanzania. The reportable operating segments derive their revenues primarily from manufacture and sale of electric cables, conductors and traded products. The Strategy committee assesses the performance of the operating segments on a measure of profit/(loss) before tax.

Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one period. Segment revenue is based on the geographical location of both customers and assets. Sales between segments are carried out at arm's length. The revenue from external parties reported to the Strategy committee is measured in a manner consistent with that in the income statement. There is no reliance on individually significant customers by the group. The amounts provided to the Strategy committee in respect of total assets and total liabilities are measured in a manner consistent with that of the financial statements.
